Up-State Vote Proved the Salvation of the Republican Candidate In the Empire State

## THE STATES

INCOMPLETE RETURNS SHOW LITTLE CHANGE IN THE POLITICAL COMPLEXION OF THE COUNTRY—REPUBLICANS HAVE ELECTED GOOD WORKING MAJORITY IN THE SIXTIETH CONGRESS—LOCAL ISSUES HAVE ENTERED LARGELY IN MANY CONTESTS

GENERAL STONE CLAIMS PLURALITY OF 20,000 FOR GILLET—SPELLACY REFUSES TO CONCEDE BELL'S DEFEAT—STATEMENT BY GILLET—LOS ANGELES RETURNS SO SLOW THAT NOTHING CAN BE LEARNED OF RESULT.

SAN FRANCISCO, Nov. 6.—At 11 o'clock tonight General George Stone, chairman of the Republican state central committee, said:

"Gillett carried the state by about 20,000 plurality and the entire state ticket has been elected. Our only defeat was in Sacramento county, which we concede to Bell by about 2000. Gillett will come to Tehachapi with about 7000 plurality and carry Los Angeles county by 12,000 to 15,000.

The Independence League managers say Gillett carried San Francisco by 100, and concede his election.

The interest felt in today's election by the people of San Francisco, centered more in the vote for judges of the Superior court than in the rest of the ticket. It was considered that the successful indictment and prosecution of alleged grafters depended upon the election to the Superior bench of candidates opposed to Abe Ruef, the reorganized political manager of the local administration. The attempt of Ruef to remove F. J. Heney as assistant district attorney and to have himself appointed district attorney, after it had been announced that an attempt was to be made to indict him for alleged grafting, only accentuated the interest in the campaign.

At 9 o'clock tonight Judges Lawler, Coffey and Graham, who are opposed to Ruef, were conceded elected. Hosmer, the other anti-Ruef man, is having a close contest with Morgan. The election of Lawler is particularly pleasing, as it was alleged that a bitter fight was being made against him because of his attitude in the trial and conviction of ballot box stuffers a year ago.

SAN FRANCISCO, Nov. 6.—Y. N. Gillett at midnight gave out the following statement:

"Returns at the Republican headquarters tonight indicate my election to the office of governor. Should later returns prove the correctness of these returns, I may speak with greater freedom concerning my intentions.

"At this hour, however, I repeat the assertion which I frankly made at Santa Cruz, when I was nominated, and subsequently reiterated throughout the campaign, that I have made no pledges, bargains or promises respecting state patronage. I am free to give to the people of this state an honest and business-like administration of public affairs.

"It will be my aim to serve the people of California, irrespective of party affiliations, to the best of my ability. I shall, as governor, give special attention to the harbor of San Francisco, with a view of promoting the commercial advancement of this city."

SAN FRANCISCO, Nov. 6.—Timothy Spellacy, chairman of the Democratic state central committee, at midnight said:

"We don't concede Gillett's election. Although our reports are meagre it looks good for Bell. If Gillett comes to the Tehachapi with but 7000 plurality, as claimed by the Republicans, Bell has been elected.

"We concede San Francisco to Gillett by 800. Reports from several sources indicate a close vote in Los Angeles."

Spellacy ridiculed the Republican claims of 15,000 plurality for Gillett in Los Angeles.

LOS ANGELES, Nov. 6.—At midnight but four precincts had reported out of a total of 261 in Los Angeles county. The count continued to be intolerably slow, and although partial returns appeared to justify estimates of a Gillett majority, varying from 5000 to 10,000, no accurate figures were obtainable.

11:30 p. m. The Times says:

"Gillett is in the lead in each Los Angeles precinct, so far as reported. Managers of the Republican county central committee claim he has carried the county by a normal plurality.

"In some city precincts Langdon has more votes than Bell. This is particularly true in the sixth and seventh wards.

"In the third, fourth and fifth wards, Gillett leads in the count, although thousands of tickets were split on county candidates.

SANTA CLARA COUNTY.

SAN JOSE, Nov. 6, 11 p. m.—Twenty-nine precincts out of fifty-five: Gillett, 456; Bell, 339; Langdon, 106.

Supreme court: Henshaw, 186; Lorgan, 443; Sloss, 306; Hatch, 160; Murasky, 173; Craig, 119.

Congress: Hayes, Republican, 542; Davis, Democrat, 397.

State senator, Twenty-eighth district: Black, Republican, 276; Montgomery, Republican, 276; Montgomery, 85; Shortridge, Independent, 144.

Twenty-seventh district: Walker, Republican, 156; Smith, Democrat, 137.

KINGS COUNTY.

HANFORD, Nov. 6.—Complete returns from three precincts, two in Hanford and one in Lemoore, give

Gillett, 582; Bell, 545; Langdon, 33; Needham, Rep. for congress, 659; Greene, Dem., 407.

Indications are that the Republicans have carried the county, and have elected a majority of the county ticket.

State senator, Thirty-second district, two precincts in Hanford and one in Lemoore, give Beale, Republican, 595; Miller, Democrat, 641.

Assemblyman, Sixty-second district: Maguire, Republican, 652; Talbot, Democrat, 589.

SANTA CRUZ COUNTY.

SANTA CRUZ, Nov. 6.—T. W. Kelley, Republican chairman, says the county has gone for Gillett by 600. The rest of the ticket is badly split. Bart Burt, Democratic chairman, says the result for governor is uncertain. Langdon is gaining unexpected strength with every precinct heard from.

ORANGE COUNTY.

SANTA ANA, Nov. 6.—R. Y. Williams, chairman of the Republican county committee, says within 10 or 15 per cent of the registered vote of Orange county has been cast. Gillett and state ticket has about 7,000 plurality. S. C. Smith, Republican, for congress, has large plurality over Barlow, Democrat, and Richardson, Socialist. Clyde Bishop, Republican, is elected to the assembly. Dr. H. S. Gordon, chairman of the Democratic committee, says the county has gone about 400 for Gillett. He concedes the plurality of Congressman Smith, but claims that the assembly is in doubt.

NAPA COUNTY.

NAPA, Nov. 6.—Chairman F. L. Cnoms, of the Republican county central committee, believes Bell has carried Napa by 400 votes and that McKinlay, for congressman, had carried the county by 300 votes. Chairman J. M. Palmer of the Democratic county for Bell for governor by 300 votes.

SAN JOAQUIN COUNTY.

STOCKTON, Nov. 6.—Fourteen out of fifty-five precincts in San Joaquin county, complete, give Gillett, 413; Bell, 432; Langdon, 97.

INYO COUNTY.

INDEPENDENCE, Cal., Nov. 6.—The chairman of the county committee concedes that Langdon carries Inyo county, the vote being estimated as follows: Langdon, 400; Gillett, 300; Bell, 300.

CALAVERAS COUNTY.

SAN ANDREAS, Nov. 6.—Calaveras county Democrats claim all county officers but school superintendent. Republicans claim plurality of 100 for Gillett; Democrats 200 for Bell. Langdon, in two counties, will have possibly a total vote of 600. Total vote each county about 2,200.

SIERRA COUNTY.

YREKA, Nov. 6.—The Republican central committee estimates 4500 votes cast and give Gillett 1850; Bell 1850; Langdon 100. The Democratic committee estimates Bell's majority at 250 and concede Langdon 150 votes.

LASSEN COUNTY.

SUSANVILLE, Nov. 6.—The chairman of the Democratic committee estimates that the county will go for Bell for about 80 plurality and for Williams for superintendent of public instruction by 100 by a small majority for Republican candidates. For other state officers the chairman of the Republican committee gives no estimate on the county vote.

HUMBOLDT COUNTY.

EUREKA, Nov. 6.—Despite threatening weather Humboldt county pulled a big vote today. About one-quarter of the total registration of the county have been cast at Eureka. One-third of the count of precincts indicates that Gillett has carried the city 2 to 1, with Bell second in the race.

SAN BERNARDINO.

SAN BERNARDINO, Nov. 6.—Republican headquarters claim total vote in county of 4400 for Gillett, which should give him a majority of 1100. The Bell committee claim a total vote in the county of 2400. Independence League chairman claims a total vote of 300 for Langdon.

SAN BENITO COUNTY.

SAN BENITO, Nov. 6.—Assemblyman Fifty-eighth district, eight precincts out of nineteen, give McPhail, Republican, 162; Davis, Democrat, 228.

FRANK FRENCH WAS DEFEATED FOR THE SENATE

HEARST FAILED TO RECEIVE THE BIG SUPPORT EXPECTED BY HIM IN THE LARGE CITIES OUTSIDE OF GREATER NEW YORK—INDEPENDENCE LEAGUE CARRIED BROOKLYN BY SMALL PLURALITY, ESTIMATED AT FOUR THOUSAND—MANHATTAN AND THE BRONX GAVE HEARST 70,000 PLURALITY.

NEW YORK, Nov. 6.—According to incomplete returns from all over the state, received up to 10:30 p. m., Charles E. Hughes, the Republican candidate, has been elected governor of New York state, over William Randolph Hearst, the nominee of the Democratic party and the Independence League, by approximately a plurality of 40,000. Two years ago Governor Higgins was elected on the Republican ticket by 80,560.

## May Elect Some of Hearst Ticket.

There was some doubt expressed tonight as to the fate of the Democratic and Independence League tickets outside of Hearst, several of the New York newspapers, which have been supporting Hughes, declaring that there was a chance for the subordinate officers of the Democratic-Independence League combination having been elected.

## Up-State Vote Did It.

The latest figures seemed to indicate that Hughes' plurality north of the Bronx will exceed 115,000. To offset this Hearst's plurality in Greater New York will probably be from 75,000 to 80,000.

In Brooklyn, where Senator Patrick H. McCaren made a bitter fight against Hearst, the latter carried the borough by a small plurality, probably 4,000.

At one time it seemed that Hughes had been successful in Brooklyn, but the late returns were strongly in favor of the Democratic candidate. Hearst has been given a majority of nearly 70,000 in Manhattan and the Bronx. Queens county, which includes Long Island City, has gone for Hearst by from 6,000 to 8,000, and Richmond, Staten Island, has also given the Democratic candidate a plurality.

## Hearst's Strength in City.

As was generally expected, Hearst showed his greatest strength in the cities throughout the state, and took out of the Republican column a number of the more important municipalities, which heretofore have been Republican. Among the cities which gave Hearst a plurality were Buffalo, Rochester, Utica, Troy, Elmira, Rome, Little Falls, and Johnstown.

All of these, except Utica and Rome, were Republican two years ago. Hughes did not gain a single city. The Republican ticket was successful, but sustained serious losses in Syracuse, Gloversville, Amsterdam, Ithaca, Schenectady, Watertown and Plattsburg.

As a result of the scratching and the voting for the same candidates under different party emblems, the returns for the subordinate officers, on the various tickets are so complicated as not to be valuable tonight.

## Non-Partisan Judges Defeated.

Great interest centered in New York in the campaign waged for the judiciary ticket named by a committee of lawyers, headed by Joseph Choate and former Judge Alton B. Parker. The Tammany and Independence League joint ticket has won over the non-partisan candidates by big pluralities.

State Senator Thomas F. Grady of Tammany Hall, has been re-elected over Thomas Rock, who has been known in the campaign as "eight hour Rock," and who claimed he had been "fracked" by the Independence League.

## Big Falling Off in Vote.

Throughout the state there has been a notable falling off in the vote of 1904, which was a presidential year. The Republican ticket showed the greatest loss in this respect, especially in the cities.

In claiming the election of Hughes tonight by a large plurality, Republican State Chairman Woodruff said: "I knew all along we had lost the labor vote. Every possible thing was done to recover it, but I think without avail."

## Hughes Feels Responsibility.

Hughes said: "I am very much gratified if I am elected, as now seems to be the case. Whatever my plurality may be, my feeling is not of elation, but of responsibility." Neither Max F. Ihmsen, chairman of the Independence League; W. J. Connors, chairman of the Democratic state committee, nor Hearst was willing to admit defeat at a late hour tonight.

## Changes in This Year's Results.

There were many odd turns to the balloting. Here in New York, it was Richmond borough that defeated Hearst for mayor a year ago, and it was Brooklyn, with a big plurality, which helped him to make the race so close. Hearst barely carried Brooklyn today, but ran ahead in Richmond.

In Schenectady, one of the best organized labor cities in the United States, it was expected Hearst would have a substantial plurality. The Republican ticket was successful by 374 votes, as against a Higgins plurality of 1,621 two years ago.

While both the state senate and assembly will be strongly Republican, the Democrats are claiming that they have made gains. The complexion of the New York congressional delegation, it is believed, will undergo but slight change. Returns from the state of New York, with twenty-five districts out of 4,500 missing, give Hughes, Republican, 61,773 plurality.

NEW YORK, Nov. 7.—Up to midnight, neither Hearst nor his campaign managers would concede the election of Hughes, consistently maintaining that when all the votes shall have been counted, Hearst will have a safe majority. Replying to the question whether he would concede the election of Hughes, at 1:15 o'clock this morning, Hearst said, "No, I will not."

Elections were held yesterday in forty-two states and, while the results in a number of instances were of unusual interest, it may be said that, generally speaking, there were no great surprises.

Throughout the South, the Democratic state and congressional tickets have been elected by the usual majorities. In the East and West the states that were aligned two years ago in the Democratic or Republican column show no material changes, the Democrats making gains in some instances and the Republicans in others. The Republicans retain control of congress by a good majority.

Aside from the contest for other state officers, the chief interest centered in the battle in Philadelphia for district attorney, and in a few of the congressional districts. Members of the house of representatives and county officers were elected in every county and state senators were chosen in twenty-five of the fifty districts. Samuel P. Rotan, Republican, was elected district attorney in Philadelphia by a vote which his friends claim will exceed 40,000, defeating D. Clarence Gilhoney, who had the support of the reform forces and the Democrats.

The incoming legislature will be strongly Republican, although not so overwhelmingly for that party as it was two years ago.

Massachusetts has re-elected Curtis Guild, Republican, as governor, over District Attorney John B. Moran of Boston, who was the candidate of the Democratic party, the Independence League and the Prohibitionist candidate.

In Chicago, it is estimated that the Democrats polled 40,000, but there was a heavy Republican plurality for the state officers.

Pennsylvania has elected Stuart, Republican, for governor, over the fusion opposition by the usual Republican plurality.

Michigan, Iowa, New Hampshire, North Dakota, Connecticut, Indiana and Wisconsin have rolled up Republican pluralities, although the vote was falling off from the usual vote in Iowa. In Minnesota, Governor Johnson, Democrat, was re-elected by the largest majority ever given a Democrat in the state.

Nebraska shows big Republican gains. Ohio also shows Republican gains over the Pittston vote of last year. The Republicans expect a plurality of 75,000 votes in the state.

The constitution of the new state of Oklahoma will be written by Democrats. The Indians voted the Democratic ticket almost solidly. Oklahoma also went strongly Democratic in choosing delegates to the constitutional convention.

Governor Hoch is probably re-elected in Kansas by a greatly reduced majority.

The result in Missouri was in doubt at a late hour. The Democrats gained some of the congressional districts they lost two years ago.

Congressman Nicholas Longworth was re-elected in Cincinnati.

Congressman J. W. Wadsworth, for many years chairman of the house committee on agriculture at Washington, was defeated in the Thirty-fourth New York district.

The Republicans carried Utah, Wyoming and Washington, and seem to have lost Nevada, while both parties are claiming Colorado.

Montana seems to have been carried by the Republicans and Texas takes its usual place in the Democratic column.

Congressman Babcock of Wisconsin, formerly chairman of the Republican congressional committee, failed of re-election.

In Rhode Island, James K. Higgins, Democrat, was elected governor.

Joint statehood for New Mexico and Arizona is defeated in Arizona, which defeats the proposition.

Massachusetts has re-elected Curtis Guild, Republican, as governor, over District Attorney John B. Moran of Boston, who was the candidate of the Democratic party, the Independence League and the Prohibitionist candidate.

In Chicago, it is estimated that the Democrats polled 40,000, but there was a heavy Republican plurality for the state officers.

In Rhode Island, James K. Higgins, Democrat, was elected governor.

Joint statehood for New Mexico and Arizona is defeated in Arizona, which defeats the proposition.

The unknown quantity of the Indian Territory was a practical concession to the Democrats, but nine Oklahoma districts counted on by the Republican leaders were carried by the opposition. The Choctaw nation elected two Democrats. Indians as a general rule voted the Democratic ticket.

TEXAS DEMOCRATS SWEEP EVERYTHING

State Ticket Elected By Plurality of at Least Two Hundred and Fifty Thousand.

AUSTIN, Tex., Nov. 6.—The total vote cast today did not exceed 400,000 votes all told; some 135,000 of which represents the combined vote of the Republicans, the reorganized Republicans and the Socialists, the Socialist-Labor and the Prohibition party. The balance represents the Democratic vote. The next legislature will be Democratic overwhelmingly, there being only a slight chance for the Republican to get a member in the lower house out of a possible 125.

All the Democratic congressmen were elected by good majorities. The entire Democratic state ticket was elected by a plurality of at least 250,000.

COLORADO REPUBLICAN BY 40,000 PLURALITY

Buchtel Has Defeated Alva Adams for Governor and Carried All But Gabbert.

DENVER, Nov. 6.—There is no reason to doubt the claim of Chairman Virvian of the Republican state central committee, that the entire Republican ticket has been elected in Colorado by majorities ranging from 15,000 to 20,000. It is conceded that the Republicans have elected at least two of the three congressmen, and likely all three. The successor to United States Senator Charles M. Patterson, Democrat, to be chosen at the coming session of the legislature, will undoubtedly be a Republican.

Pueblo, the home of Alva Adams, the Democratic candidate for governor, fell far short of the expected vote for Adams, giving him less than 10,000 plurality.

## CALIFORNIA RETURNS.

LOS ANGELES COUNTY.

LOS ANGELES, Nov. 6.—11 p. m.—Never in the history of Los Angeles county did the election returns come in so slowly. Up to this hour, the county clerk's office and the campaign headquarters of the two parties have received complete returns from but two small precincts in the county. At Republican headquarters the claim is made upon partial and fragmentary reports that Gillett has carried the county by a small plurality.

Two precincts out of a total of 264 give:

Governor—Gillett, Republican, 12; Bell, Democrat, 10; Langdon, 1. L. Congress — McLaughlin, Republican, 16; Loucks, Democrat, 10.

Assemblyman, Seventeenth district — Lewis, Republican, 11; Davis, Democrat, 2.

Assemblyman, Seventy-fourth district — Bell, Republican, 11; Stinson, Democrat and non-partisan, 10.

State senator, Thirty-fourth district — Savage, Republican, 4; Mackley, Democrat, 2.

State senator, Thirty-sixth district — Hahn, Republican, 11; Bell, Democrat and non-partisan, 10.

IN MONTEREY COUNTY.

WATSONVILLE, Nov. 6.—The complete vote of Fresno, Monterey county, gives Bell 120; Gillett 81; for lieutenant governor, Porter 107.

SAN LUIS OBISPO.

SAN LUIS OBISPO, Nov. 6.—The Republican committee estimates Gillett's majority at 200, while the Democrats are confident that Bell will lead by 500.

MADERA COUNTY.

MADERA, Nov. 6.—Chairman Theodore of the Republican committee claims the county for Gillett by a narrow margin of 50. Chairman Cunningham claims the county for Bell by 125.

MARIN COUNTY.

SAN RAFAEL, Nov. 6.—E. E. Martinelli, Republican chairman, says the county will go Republican by about 400. W. W. Keyes, the Democratic chairman says Gillett will carry Marin by from 400 to 500.

SOLOMON COUNTY.

SALINAS, Nov. 6.—It is estimated from meager returns already received that Gillett will have a plurality for governor of between 400 and 600. Langdon will be close behind Bell, if he does not pass him. Needham will have a majority for congress exceeding that of two years ago.

## FOR CONGRESS

CHICAGO, Nov. 6.—Dispatches to the Associated Press up to 2 a. m. show that the Republicans have elected 192 members to congress and the Democrats 145, with forty-nine districts missing.

THUG MADE  
CONFESSIONSan Francisco Police Have  
Gaspie Man.Dabner Acknowledges that He  
and Siemsen Committed  
the Crimes.

SAN FRANCISCO, Nov. 6.—Louis Dabner this afternoon confessed to Chief of Detectives Duke that he and John Siemsen, who was arrested with him for an assault on Jeweler Behrend last Saturday, had committed a number of the crimes which recently have startled the city. He stated that he and Siemsen killed William Phillips and William Friede, merchants; robbed the Japanese bank and also robbed Cashier M. Minakata and also robbed Dr. T. D. W. Leland, though for this crime another man is now suffering imprisonment.

Dabner made a full and free statement regarding all these crimes of which he and Siemsen had been suspected since their arrest. He also volunteered the information that about six weeks ago he and Siemsen held up J. H. Dockweiler, an engineer, and robbed him of \$35 and also robbed Edward Gillan, in the latter's store on Point Labus avenue of \$38. Dabner stated that the amount taken from the Japanese bank was \$4200.

Dabner set at rest the theory that there were three men concerned in the gas pipe murders and robberies by insisting that he and Siemsen did the work alone. Dabner acknowledged that they were equally guilty and that they worked together in the crimes.

It was expected that the relatives of Dabner, who visited him yesterday, would secure the confession from him today. But the police waited until this afternoon for the relatives to return and when they did not do so decided to secure the confession themselves. Chief of Police Dinan and Captain of Police Duke went to the station where Dabner is confined and got the whole story from his lips.

SAYS BLOW WAS  
WITH LOADED FISTE. C. Middleton Is Charged With  
Striking C. E. Spence With  
Knuckles.

E. C. Middleton was arrested yesterday morning on a warrant served by Plain Clothes Officer McSwain, charged with battery. The complaining witness was C. E. Spence, and the assault occurred on Saturday in the road between Mariposa and H streets.

There are of course two sides to the story, but according to the statement made by Spence on requesting a warrant, he was talking to a friend on the street corner when Middleton came up to him and struck him violently between the eyes. He was knocked down and received a bad injury to his eye. Although not certain that his assailant had anything in his hand, the nature of his wound indicated that the fist that struck him was "loaded" with brass knuckles.

Middleton was released on bond. The case will come up today at 10 o'clock. He told a number of friends that Spence insulted a lady friend of his, and he claims that he was perfectly justified in punishing the man for grossly insulting him also. The warrant was issued on Monday afternoon, and the accused man knew that the police were about to arrest him, but he made no attempt to get away. He lives at the Owl lodging house.

"CHECKERS" PUT ON  
A SECOND NIGHTTomorrow "Peggy from Paris" Will  
Delight Fresno Theater  
Goers.

There will be the charm of love, the joy of laughter and the thrill of sensation at the Barton again to night when "Checkers," the much talked of race track play with Hans Roberts in the title role, will be presented. "Checkers" has proved one of the few great successes of the last three seasons, and this in New York, Boston, Chicago, St. Louis and also in Philadelphia. It has recently finished its fourteenth engagement in Greater New York, a unique record of popularity, and is to play another later this season. It has been described as a "breezy, realistic, convincing and amusing comedy-drama, which appeals directly to an American audience."

It will receive an elaborate production on the stage of the Barton, the complete New York company, including principals, besides Mr. Robert, Jane Kellon, Miss Isabelle Parker, Miss Pauline Eberhard, Miss Clara Armstrong, David Abraham Jr., W. T. Clark, Howard Smith, Thomas Hunter, Joseph Wilkes, Wallace Thomas and Miss Myra MacReynolds.

The story in brief is that of a nervy, brilliant young American who has been following the race track for a living, falling in love with a charming girl from the West, being persuaded by her to abandon his hazardous habits, his endeavoring to do so, his failure, his plunge back to the track, his triumph, his vital assistance rendered at a crucial moment to his sweetheart's father and a happy ending for all concerned.

A scene unequalled in stage annals, is promised for the third act. It represents the betting ring in the full blaze of speculation on Derby Day in Washington park, Chicago. Professional bookmakers who have seen the play, pronounce it the most thrilling race track effect ever presented on the stage and Jacob Litt, the late theatrical manager whose production of "The Suburban" is known to playgoers far and near, declared the betting ring scene in "Checkers" to be the greatest race track scene he had ever had the good fortune to witness.

Theater patrons who are inclined to musical comedy will welcome "Peggy from Paris" to the Barton tomorrow night. Everybody in this city has heard of "Peggy from Paris," and probably most everybody has hoped for a chance to hear it. The opportunity is now approaching. This musical comedy is one of the pronounced successes of George Ade, the famous humorist. His are the book and lyrics, which are said to contain some of his brightest wit and keenest satire. Much of its humor and comedy has been quoted widely which is proof of its brilliancy and cleverness. It is said that the characters in the play are especially droll and entertaining. They are amusing characters of interesting types. The music, too, has earned a reputation for its bright, spirited and catchy qualities. It was written by William Loran and J. A. Raynes. The worth of "Peggy from Paris" will be judged from the fact that it ran four months in New York, five months in Boston and three months in Chicago. Seats are now selling.

Of the new attractions of the theatrical year, none has received more favorable comment than the diverting comedy of Swedish-American life entitled "Tilly Olson," which comes to the Barton next Friday night, November 8th. The story is written around the character of a flax-haired young Swedish girl "bound out" to a family of farmer-folk in Minnesota. She is subjected to the usual indignities common to girls in her position in life, but withal is bright and lovable and liked by everyone except the mistress of the house. She develops strength when the opportunity arises for her to show her mettle and exposes villainy and achieves success by reason of her shrewdness and wise discernment. Tilly is not a caricature but a cleverly sketched Swedish girl of real flesh and blood. A splendid scenic equipment for the play has been provided and the music part will be played by a competent orchestra of concertino comedy roles, Miss Emily Erickson. The sale of seats is now open; prices 25, 50 and 75 cents.

Secretary Filcher Back  
FROM EASTERN TRIP

Visited Various Agricultural Sections and Will Inaugurate Crop Bulletin.

J. A. Filcher, secretary of the state agricultural society, recently appointed by Governor Pardee a delegate to the Farmers' National congress, which held its session last month in the city of Rock Island, Ill., improved the opportunity while East to visit the offices and grounds of a number of agricultural societies in the Middle Western states, and he comes back with many ideas of practical utility which he thinks can be applied to advantage in the work of building up the agricultural society of California.

The societies visited by Mr. Filcher were those of the states of Minnesota, Iowa, Illinois, Indiana, Ohio, Kansas and Nebraska. In all of these states the annual fairs are looked forward to, as the farmers' great holiday season, where they not only obtain a diversion, but rest and visit and get acquainted and learn much from one another as well as from the exhibits of the latest and best of the things in which they are interested and as a result the balance sheet of these societies each year shows a surplus. This surplus, re-inforced with such amounts as may be appropriated by the state from time to time, is used in extending their field of usefulness or in the erection of new and modern fire-proof exhibition buildings. In Minnesota a new fire-proof amphitheater for judging live stock, with seating capacity for 7,500 people, has just been completed at a cost of \$100,000. In Ohio the old wooden grandstand is being torn down to make room for one to be built of steel and concrete at a cost of \$50,000.

Kansas, Ohio, Illinois and others have efficient statistical departments, and, profiting by the information obtained, Mr. Filcher proposes right now to inaugurate a systematic method of collecting data for reliable crop reports and other industrial subjects, and this try and put into practical operation this hitherto much-neglected feature of the California State Agricultural society's work.

To begin with, Filcher wants an intelligent and reliable correspondent in each political township of every county in the State, and the supervisors of the

respective counties have been asked to suggest the names for this correspondence army. They will no doubt do this gladly, and those honored by selection will doubtless accept the task of occasionally reporting the crop and other industrial conditions of their respective townships, and from such direct sources it can readily be understood how much reliable data may be collected from time to time of great value to the State at large and to all the people.

POLITICAL ARGUMENT  
ENDS IN A FIGHTClarence Johnstone and Sam Harper  
Finish Hot Words in a Lively  
Encounter at Polls.

A lively controversy upon the candidacy of their several favorites for office in ninth precinct yesterday afternoon resulted in some quick exchange of blows between Sam Harper and Clarence Johnstone, both colored. The two men adjourned to the rear of a building near the voting poll to talk over a ballot ticket which they had agreed upon. One accused the other of lack of faith with him in going in and voting without letting the other know first. The two men had been drinking and were in an ugly mood. Blows were soon struck, and they were felled to the ground, where they rolled over and over in a deadly grip. Several others came around and witnessed the fight, but when Officer Ennos was seen coming near the place, the party dispersed. The two swore to settle each other later on in the evening. No arrests were made as the matter was another over before the officer turned the corner.

"LOVE AND LAW"  
AT THE NOVELTYA Thrilling Melodrama Replete With  
Exciting Climaxes.

"Love and Law," a thrilling melodrama replete with exciting climaxes, is meeting with great success at the Novelty theater. The play runs in four acts and is presented by an unusually clever company under the direction of Walter Belasco.

Every member of the company seems to have been made to order for the part each plays and "Love and Law" is certainly one of the best melodramas ever seen in this city for some time. There is nothing the least bit tiring about this production, but in full time of heart interest from the very start to the finish. The stage settings and scenery are all that could be expected to add to the success of the drama.

Manager Bert Donnellan announces that there will only be three matinees this week, Wednesday, Saturday and Sunday. Wednesday matinee is a special one for the ladies and children. The prices will be the same as heretofore.

DEATH'S BLIGHT  
EFFACES YOUNG LIFEMiss Treva Gibbons, Aged 17,  
Passes Into Great Beyond on  
Threshold of Bright Career.

Miss Treva Gibbons, aged 17, a student at a local business college, and a young girl of much promise, died at the home of her sister yesterday morning, after a short illness from meningitis.

The dead girl came here from her home in Auberry about a month ago to attend business college and take a course of bookkeeping and stenography, making her temporary home with her sister, Mrs. A. W. Bagby, No. 580 J street, during her term of tuition. A girl of vivacity and animation, and of a charming personality, she won many friends and was the center of the young social set soon after her arrival here. A short time ago she began to fail in health and it was feared that plague, fallen a victim to the "white plague," but the diagnosis of the trouble was called in showed that the trouble was meningitis. Despite every care, she gradually sank and passed away yesterday the presence of loving relatives. Her remains were prepared for interment by Stephen & Bean and will be shipped today to her late home in Auberry where the last rites will be performed this afternoon.

The deceased is survived by one brother and three sisters. The former, who is five years older, is a rancher at Shaver. The sisters are Mrs. A. Bagby, Mrs. K. A. Patterson and Mrs. Franklin Beard.

TRINIDAD, Colo., Nov. 6.—Holding a hand of each of his two little boys, aged 7 and 9 years, respectively, and walking down the middle of the railroad track, C. A. Farham, a cotton buyer of Carey, Texas, deliberately walked into Colorado and Southern train No. 1 near Childress, and was killed. The boys received probably fatal injuries. Farham had been drinking heavily, it is said, and it is supposed that he was demented.

OLDEST ENGINEER  
ON ERIE RAILROAD  
DIED AT GOODLY AGE

NEW YORK, Nov. 6.—Charles Frazier, the oldest engineer of the Erie railroad, died at his home in Paterson, N. J., yesterday. Frazier was 72 years old and had been in the employ of the Erie for fifty-six years. He entered the service of the Paterson & Ramapo railroad in 1850 when that road had only two locomotives. He was in only one accident. It occurred in 1853, when his train ran into a carload of immigrants, killing two.

## NEW SCHEME FOR GAME

Plan to Let Ease Runners Run to Third Sack.

Fans Will Make Effort to Have Novel Plan Adopted By Committee.

Baseball fans are taking considerable interest in the idea advocated by Norbert Elberfeld to make it optional with the base runner whether he runs to the first or third sack. Players and managers have been paying very little attention to the new suggestion, but those among the fans who are eager to take up new suggestions either because they expect to make something out of them or because they will learn something from them, have taken up the suggestion with a vim and will make an effort to have it adopted by the rules committee.

Joe McGinnity, the Giant pitcher, whose willingness to investigate and learn things has kept him in baseball when many men have passed out of it, is one of those who have tried the idea. McGinnity says that, as far as he went with it, the plan of running one way or the other is a success and will add very much to the natural interest taken in baseball.

Elberfeld's notion is that it should be optional with the batter who hits, with the bases unoccupied, whether he should run to first or to third base, but that all succeeding batters in the inning should, as long as the bases were occupied, run the same way.

Elberfeld aims to divert play and make the game less monotonous. He would, he says, even up merit, make the men on both sides of the diamond play all around, send the pitchers two ways and in many other directions, make the game two-handed and two-sided instead of one-handed and one-sided.

## SEATTLE AND PORTLAND MAY BE OUTLAWS

Report that they Will Join New Organization Thought to Be Unfounded.

JOHNSTOWN, Pa., Nov. 6.—It was announced today on good authority that a new "outlaw" league to be composed of Tacoma, Spokane and Seattle, Wash., Portland, Ore., and Butte, Mont., and Salt Lake City, Utah, will be formed not later than Christmas. This probably means the disruption of the Pacific Coast league, as it will bring about the withdrawal from the organization of Portland and Seattle, two of its best towns. Lucas, a former influential factor in Pacific coast baseball, is spoken of as the head of the new league. The proposed league will not embrace the national agreement, preferring to get even in the future for some fancied wrongs. Seattle and Portland are desirous of withdrawing from the Pacific Coast league owing to the long jumps necessary and the loss of many days making these trips. A meeting of the promoters of this league will be held in Portland within six weeks.

President Lucas of the Northwestern league, who, according to the above dispatch from Johnstown, Pa., is arranging an outlaw circuit to include Seattle and Portland, which are members of the Pacific Coast league, was one of the organizers of the National association and has always been prominent in its affairs. Mr. Lucas was recently offered the presidency of the Virginia State league. It may be true that an attempt has been made to interest Lucas in the proposed outlaw league, but those who know him state that he will be loyal to organized baseball.

## OAKLAND SIGNS NEW PLAYERS

The Oakland club does not propose to be left in the lurch in regard to getting together a fast team for next season and already four new players have been drafted for 1907. These new men include Bigbee, first baseman of Lynn, Mass.; Paetor, shortstop of the same team; Borecock of Fall River, who has played both second and third base, and Wright, pitcher of the Birmingham club of the Central league. Lines are out for other men and it is announced that the management will practically have the team for next season made up inside of ten days.

In regard to the report published in a San Francisco paper to the effect that gambling was being freely practiced at Idora park, the statement is made that the report is erroneous, as the management will not tolerate gambling for a moment. It is only where individuals make wagers between themselves that the club officials are unable to interfere. The talk of general bookmaking is pronounced to be all buncombe.

PARIS, Nov. 6.—Special dispatches from Monte De Marsan says that Justice C. Strawbridge of Philadelphia, who was injured in an automobile accident near Biarritz yesterday, was pinned under the machine for two hours owing to the delay in obtaining assistance, causing him to suffer greatly before being released.

## FRESNO WILL BE IN LEAGUE

Indications Point to Few Changes Next Year.

Rumors About Northern Clubs Unfounded—Bert and Ewing for Fresno.

Despite the various rumors that have been printed in the papers of the coast and in some Eastern papers regarding the future of the Pacific Coast league, it seems likely that there will be only one change made when the directors meet on the 6th of next month in Los Angeles if there is any change at all made in the make-up of the league. That change is the admission of Stockton and Sacramento as a joint owner of a club. It is pointed out that this change is not likely to meet with much favor on account of the necessity of taking the club from one city to the other every three days.

The situation in the north will probably be unchanged. The report that Portland and Seattle will join an outlaw league or go to the northwest league does not meet with much credence in sporting circles. It is thought that the McGinnitys will not take any such action regarding the Portland club. Seattle will likely be managed by Dugdale, who is very popular with the fans of that city.

That Fresno will have the franchise next season seems assured for the directors of the league are strongly in favor of Fresno's claims. The directors of the Fresno club invited President Bert and Vice-President Cal Ewing of the league to attend the banquet last Saturday night but they were unable to get here. President Evans received the following telegram from Bert yesterday:

"You and your association are game, and you stay as you promised you would. You have won our respect and that of the sporting press and public. Ewing and I will be with you Saturday night, but here's to Fresno."  
"EUGENE F. BERT"

## BOWLERS ENTER "SKIDOO" TOURNAMENT

Twenty-three Devotees of Sport to Contest for Honors.

Local bowlers are much interested in the individual tournament that is soon to be pulled off at the Brunswick alleys. The tournament has twenty-three entries and is to be known as the "Skidoo" Tournament. Each bowler is to roll twenty-five games during the four weeks beginning the 15th of this month and the entrance money, which is a dollar from each contestant, will be divided into three purses of 60, 30 and 10 per cent. There will also be a prize for the highest single score.

Since Mr. Anson has taken charge of the game here, there has been more than the usual interest displayed in the sport and the rivalry between the devotees of the game this year has been very keen.

The list of entries for the tournament comprises the following names: Corey, Hobson, Berkeley, Maupin, Howard, Nutting, House, Fredericks, McAbb, Jones, Pettit, Hall, Hill, Hockett, Gundelfinger, Sandstrom, Healy, Reeder, Evans, Egan, Schmitz, Kaiser and J. S. Jones. As all of the contestants are high-class bowlers good scores are looked for in the coming contest.

## CHANGE IN THE AMERICAN LEAGUE

Several of the American Association clubs will have new men directing the playing of the teams next year. Clymer of Columbus, Padden of St. Paul, and Carr of Indianapolis, are fixtures for 1907. While it is by no means certain that Joe Cantillon will not be in Milwaukee, Kelley in Minneapolis and Clarke in Toledo next season, there is reason for expecting a change, and Louisville and Kansas City are certain to have other men at the head.

In the case of Carr, of Indianapolis, he may become merely field captain, as manager Watkins threatens to return charge at Toledo, that would mean the reduction of Clarke from manager to field captain, as the former Detroit man would no doubt insist upon directing his team from the bench. There are to be more changes in Kansas City than that of manager, and there was a report printed in the newspapers there that George Tebeau was to move to that city.

Secretary Taft Left Cheyenne. CHEYENNE, Wyo., Nov. 6.—Secretary of War W. H. Taft left Cheyenne this morning for Fort Robinson, Neb., and after an inspection of that post will go to Chicago. A few days later he will inspect Fort Leavenworth and Fort Riley in Kansas. He intends also to make a tour of inspection further south, visiting Texas and Georgia.

Collision on Northern Pacific. HELENA, Mont., Nov. 6.—Report has been received here of a head-on collision last night, twenty-one miles east of Glendive, between the Northern Pacific's North Coast Limited train, eastbound, and a freight train. The engineer of the passenger train is reported severely injured. The track was torn up for a considerable distance.

## SAY FISHER CONSPIRED

Directors of Fresno Club Accuse Mike of Scheming.

Say He Would Injure Fresno's Chances—Case to Come Up in Courts.

Mike Fisher, ex-manager of the Fresno Baseball Club, left here yesterday morning for San Francisco where he will place his grievances against the directors of the Fresno Baseball Club before President Bert of the Pacific Coast League if he can get a hearing. The directors of the Fresno club have refused to consider the proposition made by Fisher to put his claim for \$500 in the hands of the league officials and state that they will only pay Fisher money except at the end of a judgment against them in the courts. "As a matter of fact," said President Evans last night, "Fisher never had a contract with the Fresno club. The one that he has been showing around town was one that was drawn up by our attorney but was never signed because it was not satisfactory to either club or to Fisher. If Fisher can show any contract at all with the Fresno club, I will give him \$500 whether or not it contains any provision for the payment to him of that sum or any other sum at all."

Last winter when Fisher put the matter before the Chamber of Commerce here, he said that it would not cost Fresno a cent to get the Tacoma club. Mr. Hunt, Mr. Nelson and myself went to San Francisco at the time that the matter was first brought up and Fisher met us at the Ferry depot. He told us that time that the Tacoma club paid \$1000 to the Tacoma club and that he was half owner but that it would not cost us anything for his share of the club if we would give him a job as manager of the Fresno club. He repeated this statement to the directors of the Pacific Coast League when we went before that body to get our franchise.

"Now when he was hired to come here and this contract that he has submitted and put out to unsatisfactory to either party, there never was another contract drawn up. Fisher was too busy drawing his pay as manager to think about any contract."

"I do refuse to submit this matter to the League officials because I do not believe that Fisher has any right to bother those men with his troubles. He is not a player and has no right to protection as players have. The directors of the league are not a court of arbitration and should not be bothered with matters between individual clubs and employees of those clubs. Fisher was an employee of the club the same as a gate keeper or a snail and therefore, will have to take his case to the courts if he wants any settlement."

"When we dispensed with Fisher's services he begged to be allowed to resign and we gave him a chance. I do not think that Fisher will ever bring this matter before the courts because he knows in the first place that he has no case and in the second place, matter will be brought out there that will not be very pleasant for Fisher. We thought that he was too expensive a luxury and we didn't want to say anything about these differences preferring to have Fisher leave here friendly to us. But after he was fired, Fisher went around town trying to discredit the directors of this club by the deliberate intention of trying to kill baseball here. Furthermore, he has been engaged in a conspiracy to get some sort of hold on the players of this club or to defeat Fresno's chances of getting the franchise for next year. These things will all come up in the courts if Fisher tries to force any issue there."

Before he left, Fisher put his case in the hands of Attorneys Orlinton and Carr and stated that he will direct St. John and stated that for the \$500 that he claims, if the directors of the club refuse his proposition to have the matter arbitrated by the League officials.

It is likely that the case will be aired in the courts.

San Diego Water Supply. SAN DIEGO, Nov. 6.—The council last evening received the estimate of the city engineer on extensions of the water system to meet the demands of the city. Extensions are demanded in every ward and as the city now has an unlimited water supply it will be a paying investment to extend the system. The estimate is \$208,000, and the council proposes to call a bond election to vote \$300 in bonds for the work.

Paris Interested in Election. PARIS, Nov. 6.—Never before, except on a presidential contest, has an election in the United States attracted as much attention as the electoral struggle ending tonight. The French papers are filled with accounts of the canvass and the result of the balloting in New York is awaited with great interest.

Switchmen Given Concessions. SCRANTON, Pa., Nov. 6.—The Delaware, Lackawanna and Western Railroad company refused the demand of the switchmen for an increase of 10 cents an hour in wages. The company, however, concedes a ten-hour day to all switchmen who now work twelve hours, without any cut in wages.

Boy Was Electrocuted. LOS ANGELES, Nov. 6.—Forrest Flannery, an 11-year-old boy, was instantly electrocuted on West Figueroa street today by picking up the broken end of a telephone wire which had fallen across an electric light wire. The boy, when found, was dead, standing upright in the street with the wire still in his hand.

Roosevelt Will Receive Utes. WASHINGTON, Nov. 6.—President Roosevelt has approved the arrangements made by Colonel Rodgers for the settlement of the grievances of the Ute Indians. He has instructed the officials of the war department to inform the Indian chiefs that he will give them an audience at the White House on his return from Panama.

## HEARST STILL A FACTOR.

Nearly complete returns from New York at this writing, show the election of Hughes as governor by a plurality. This is of course a distinct victory for Hughes. It makes him governor of New York by a majority which, between two strong candidates of two strong parties, would be decidedly creditable. But to take much credit for it, as against Hearst, is to recognize Hearst as a factor in that class, which is, for Hearst, a decided triumph. Hughes is elected, but Hearst is far from routed. In fact, for Hearst to have been defeated by a few thousand would have been better for him than to be elected. And even to be defeated by fifty thousand is not much worse than to have been elected by a few votes. For what Hearst wants is not this office. It is to establish Hearstism as Democracy. And that he has done. The issue is no longer which Democratic candidate shall receive a nomination, or even whether the nominee shall be elected. It is which Democracy shall have any candidates, to be elected or defeated. If Hearst establishes Hearstism as the Democracy, which is to make the fights, whether those fights be winning or losing ones, he has accomplished his present purpose. Nobody can doubt that he has very nearly done it.

For Hearst Democracy in New York, has done what no other brand of Democracy could have even begun to do. Against the strongest candidate in the Republican party, on a very strong issue, supported with equal enthusiasm by the conservative and radical wings of his party; against the active opposition of President Roosevelt; against the defection of the "old line" conservative Democrats and the lukewarmness of Tammany; daring to slap square in the face the most powerful political influences in New York; opposed, in short by all the elements which traditionally make for Republican success and Democratic success, combined, Hearst has nevertheless come within 50,000 votes of carrying New York. No other brand of Democracy could have come within 20,000 of it. Hearst could not carry New York and he can not carry the country. But he can see to it that no other sort of Democracy has even the chance to get beaten. He has accomplished most of his purpose. He has exterminated the Democratic party in New York and defeated it in California. That he has thereby produced Republican victories is a matter of no concern to him. The strength of the Republican party does not worry Hearst. He knows there must always be such a party, and he does not care if it is strong enough now, to help him exterminate the Democratic party. Then, with a free field, he will hope to concentrate on himself and his movement all the Republican opposition.

It is a regrettable fact that Hearst should be the means of accomplishing this result. He is personally insincere, a firebrand and a reckless self-exploiting humbug. But the movement itself was inevitable. It was predicted by Hanna and has long been in the logic of events. The old Democratic party is dead. A new party is rising in its place; Hearst is its protagonist and Hearstism its gospel.

## THIS BOY CAN GET LIBERTY WITH JOB

Eddie Hazelmeyer Comes from Pennsylvania and is Held in Jail on Vag Charge.

Eddie Hazelmeyer is a rugged, willing youngster of 18 years who is now in the county jail anxious to get out and go to work. He was brought in four days ago with a bunch of hobos, and admitted that he had beaten his way to California from Pennsylvania. On his long journey he was arrested and jailed a couple of times, but that did not stop him from getting to the Golden West where fortune awaited him, as he thought. On Monday morning he appeared before Judge Briggs and was remanded to the jail, the court hoping that some one might come forward with an offer of employment. Deputy Sheriff Rutherford, though, night jailer, and Deputy Vogelsang, have looked around but have not yet come across anything suitable.

The boy is long and willing, but has never done any kind of work except farming. He says that he is willing to work hard and wishes that some one would give him a chance. The judge will doubtless release him when work turns up for him.

## FRESNO LOSES FIRST GAME

Visalia High School Is Victor By Score of 8-0.

Boys Are Not Discouraged and Will Fight for Season's Trophy.

By making an eighty yard run to a touchdown during the first minute of play, the Visalia high school team defeated the Fresno high school team in Visalia yesterday afternoon. Although the local school scored no points, and Visalia seemed to have such an easy thing during the first few minutes of play, the game was a hard fought contest on the part of both teams. As far as local action showed that either the offense, by prohibiting the mass plays, are not sufficient to counterbalance the necessity of gaining ten yards in three downs, or that the teams have not taken advantage of the plays made possible by these changes. End runs seemed to be of as little value under these new rules as they were under the old rules and, in consequence, line backs were used mainly to make the required distance to the line of scrimmage. Fresno was the hunted, and advanced the ball ten yards in three downs only once, while Visalia made her yards three times, and with the exception of the "break by Visalia," which resulted in a touchdown, the game was entirely devoid of long runs. The game was a punting contest from beginning to end and Fresno, with Leonard's splendid kicking, had the best of the argument, but due to utter inability of the local team to advance the ball even a few yards they could not score the game with a two-and-a-half yard kickoff, which was run in fifteen yards. Visalia kicked the line for no gain and then came the spectacular play of the game. A silent signal for a quarterback sneak, coming before Fresno was even lined up, was given by Visalia and Quarterback Waddell with impeccable interference, skirted the left end on Fresno's thirty-five yard line and ran down the field for a touchdown. After fifty-five seconds of the game had been played, McKinley kicked an easy goal and the score was 6 to 0 in favor of Visalia.

Fresno kicked off thirty-five yards and Visalia was compelled to punt after two unsuccessful downs. Fresno took the ball on Visalia's forty-five yard line and worked a long forward pass over left end to Morton. The pass was well made and if Morton could have gotten a little quicker start it would have been good for a touchdown, but it happened the other way. This was the only instance in which Fresno made the required gain. Visalia took the ball on downs and lost it in the same way. After a series of punts and fumbles, Fresno was in possession of the ball on Visalia's twenty-five yard line, within the time limit. After trying two downs, preparations were made for a drop-kick by Leonard, but just as the signal was given for the pass the whistle blew for the end of the half. In the second half, Visalia kicked off fifteen yards, and after being held for two downs, Fresno punted thirty-five yards. Visalia took the ball on a kick faked punt. A poor pass for a kick caused Fresno to fumble and lose the ball. There was an even exchange of punts and tacking out of bounds on yards for the run in and another ten for a foul tackle. The rest of the score of 8 to 0 was made when Visalia tried for a drop from Fresno's fifteen yard line. Visalia failed in the attempt but the ball rolled back of the line. Waggoner started to run the ball in but after he had crossed the line, he was forced back and Visalia was given a touch-back. Fresno took the ball on a touch-five yards and punted. Neither goal was in danger during the rest of the game and the score remained the same, 8 to 0 in favor of Visalia.

Visalia has a team averaging 108 pounds, with excellent team work, especially in forming interference. If any stood out from the others in a good playing it was Waddell at quarter and Jordan at right guard. Fresno's team averages less than 180 pounds, but is very fast, and since this was the first game of the season and with the best team still has a good chance to win out. The most conspicuous of the game players on Fresno's team yesterday were McNulty at right half, Hanner at fullback and Leonard at right end. It was the extraordinary punting of Leonard that prevented a larger score for Visalia, and had there been sufficient time for him to try for a drop kick at the end of the first half, Fresno might have had a 4 where a goose egg now appears. The lineup of the teams was as follows: Visalia—Hunter, center; Waddell, quarter back; Barker, full back; Scott, right half; Jordan, left tackle; Wallace, left guard; Lucas, right guard; Ward, right tackle; Townsend, right end. Fresno—Stone, center; Waggoner, quarter back; Hanner, full back; McNulty, right half; Barber, left half; Janning, left guard; Sutherland, left tackle; Morton, left end; Summers, right guard; Warlow, right tackle; Barnum, Leonard, right end.

Fresno plays Tulare on next Saturday, and is confident of victory. No one received any injuries in yesterday's game and the team will be physically stronger next Saturday and will probably have some additional get because of yesterday's game.

Queer Places of Amusement. The walls of stations on the new tube from Waterloo to Baker street are embellished with maps of London, on which, according to the index in a corner of them, "theaters and places of amusement are printed in red."

Explorer Peary Delayed. LENOX, Mass., Nov. 6. Two telegrams from Commander R. E. Peary were received here today by Mr. C. J. Keane, president of the Peary Arctic club, stating that the explorer had obtained a permit of the Harbor, N. Y., but was delayed by gales. He hoped to sail today.

## QUEER ITEMS OF SPECIAL INTEREST

Owl and Chick in One. Mrs. Ellen Elliott of Rockdale, Pa., is the possessor of a freak chicken, which was hatched a few days ago. The fowl is half chicken, half owl and shows little signs of life, except at night, when it makes a peculiar incessant howl. It has the owl's curved head and hooked beak; also the large, staring eyes. When the chick walks its feet overlap each other, as if walking a chalk line.

A Plucky Policeman. Policeman Jacob Farrar of West Chester, Pa., who has the reputation of being afraid of no dog, last week attacked a dog which was apparently mad, dragged it from a porch and shot it. The dog was on the porch of W. R. Otter and had chewed the legs off of a rocking chair when the policeman arrived. He did not hesitate, but grasped the animal by the tail, threw it over a fence and then shot it in an alley.

Antiquity of the Word "Snow." Ramesses II. died 4000 years ago but some of the facts concerning his life are just becoming known. One of these is the story of his marriage, which has just been revealed by Prof. James H. Breasted of the University of Chicago in his first preliminary report among the temples along the Nile. He found the account of the event in the temple of Abu Simbel, which is one of the principal buildings erected by King Ramesses. To tell the story it required an inscription of forty-one lines, each about eight feet long. Prof. Breasted reports that the word for "snow" is found here in snowless Egypt for the first time in human history.

Tons of Cels Captured. A recent news telegram from Lewiston, Pa., says many tons of cels have been taken from the Juniata river during the past few months. John Pennington, a cripple from this city, placed an up-to-date cast of the Lewis river dam and in one night he took 2500 cels weighing from one-half to one pound each, from this basket. This is only one of the many baskets in the river. The cels are put in boxes alive and kept well into the winter and sold for 12 to 15 cents a pound, and find a ready market. At the Pennington camp there are fully two tons of cels, a wriggling, writhing mass, in the boxes.

Married Men Better Kisses. Does a married man know how to kiss better than a single man? Can you tell a married man by the way he kisses? These two questions were answered recently by Mrs. Kathryn Doole, the pretty 32-year-old widow of Mr. 240 North Central avenue, Chicago, who is suing Frank E. Dooling, a Springfield policeman, for \$800, which she claims she lent him, and for kisses which she confesses, blushing, she gave him outright.

Single Men Know How to Kiss. "Few single men know how to kiss," declared the pretty widow. "I have known Mr. Dooling was married by the way he kissed me. Married men know how to kiss better than single men. Their kisses are longer and more heartfelt."

Bald Head Ruined Home. In Chicago recently a bald head was made the basis of a plea for divorce in Judge Patton's court by George L. Meeker. The couple are from Jersey City, N. J., and Meeker told the court his wife left him in 1901. "Why did she leave you?" asked Judge Patton. "Another man in the case!" "Nope," responded Meeker, placing his hand on his bald head. "This was the cause of our trouble. You see, year or so before my wife departed, my hair began to fall out. Well, Minnie wanted me to buy a wig, but I objected to wearing one and said so, and my wife then began nagging at me until we quarreled about it. She never was the same after that, and one day she quietly slipped out of our home and has never returned to me."

Living Fish in Baby's Stomach. A living object, which resembles a young catfish, the identity of which is to be determined by microscopic examination, lived evidently for some days in the stomach of Edward McNally, 9-months-old son of Mrs. McNally of 1451 Covington street, Baltimore, and was expelled during a violent vomiting spell. The baby was under treatment at the Wilson sanitarium for what was diagnosed as dyspepsia disorder, but the usual remedies failed to bring relief. Several days ago the object was ejected during a severe spell of vomiting. It was alive and lived for some time. An examination indicated that it was a fully-developed catfish. Two distinctly formed "feelers," protruding from the head, and the wide, rounded mouth of the catfish, with a white skin underneath were the marks of identification. It is believed the child swallowed the supposed fish while drinking water.

A Blind Pilot. Although suddenly stricken blind at the wheel, Capt. A. McLeod of the tug Prudence of Parramore, N. S., brought his craft, with two barges in tow, safely into Rockland (Me.) harbor, Oct. 16th. The Prudence was at the outer edge of the harbor, three miles from her anchorage, when Captain McLeod was stricken. Although totally blind he never once relinquished his hold on the wheel, nor threw his crew of his plight, but gave the usual orders until the tug had dropped her barges and come within 100 feet of the dock. The Prudence passed the tug in his whistle, thrown back from the craft, just how to avoid them. This is an art known to many of the tug and steamer captains along the coast.

It is believed that continued strain of looking out over glazing waters caused Captain McLeod's blindness. Physicians say he may regain his sight.

Mystic Letters in Lawsuit. A recent special dispatch from Baltimore contained the following: "A problem which came up for solution in the Circuit court at Towson today, where Miss Susan P. Wheeler is trying to establish a claim to \$25,000 because Edward B. Wallz failed to fulfill an alleged promise of marriage, was the meaning of the mystical letters, 'C. Y. S. K.' which appeared several times in letters from Wallz, which were in evidence."

The court asked her, too. Again she refused. It is a secret among young girls, replied Miss Wheeler. "I will not tell you." Judge Hoehall of the Orphans' court says "C. Y. S. K." simply means "could you yourself kiss," but as the judge was not a witness the court had no opportunity of testing his expert testimony on the question, so it is without information, official or otherwise. "Wallz is about 70 years old. Both he and Miss Wheeler live in the neighborhood of Arlington avenue. She says she was wooed and that there was a promise of marriage in October, 1906, but the date for the marriage was changed so often that she felt she was injured \$25,000 worth. Many points in her testimony will be disputed when Wallz takes the stand. In the meantime the court would like to know what "C. Y. S. K." means.

## PERSONAL MENTION.

## FOR NEGRO'S PROTECTION

Justice Harlan Declares His Position. Thirteenth Amendment Is Wider in Scope than at Present Construed. WASHINGTON, Nov. 6.—The dissenting opinion of Justice Harlan, with whom Justice Day concurs, in the "whitemapping" case, has been filed. The Supreme court last spring reversed the judgment of the United States court for the Eastern district of Arkansas, convicting Rouben Hlodges and others of intimidating negro workmen. It was a test case under the civil rights law, the indictments being based on the allegations that the denial of the rights claimed was solely because of the race and color of the men. Justice Harlan sharply dissents from the conclusion reached by the majority, that such prosecutions would not stand under the thirteenth amendment for the reason that negroes are not more than any others protected by it. Pointing out that the court had held the right to earn one's living contracts in reference thereto, a vital part of the freedom established by the constitution, and that it had been held repeatedly that congress had the power to grant, protect and enforce any right derived from, secured or created by or dependent upon that instrument, Justice Harlan says: "These general principles, it is to be regretted, are now modified, so as to deny to millions of citizen laborers of African descent, deriving their freedom from the nation, the right to appeal for national protection against lawless combinations of individuals, who seek, by force, and solely because of the race of such laborers, to deprive them of the freedom established by the constitution of the United States, so far as that freedom involves the right of such citizens, without discrimination, against them, because of their race, to earn a living in all lawful ways and to dispose of their labor by contract. It cannot assent to an interpretation of the constitution which denies national protection to vast numbers of our people, in respect of rights derived by them from the nation. The interpretation now placed on the thirteenth amendment, I think, entirely too narrow, and is hostile to the freedom established by the supreme law of the land. It goes far toward neutralizing many declarations made to the object of the recent amendments of the constitution, a common purpose of which this court has said, was to secure to a people in servitude the free enjoyment, without discrimination merely on account of their race, of the essential rights that appertain to American citizenship and to free."

## COMSTOCK DENOUNCED

Scene in New York Court Was Stormy. Prosecution of Art Students League Led to Breakdown of Witness.

New York.—Anthony Comstock, head of the Society for the Suppression of Vice, and E. C. Crowley, chief counsel for the American Art Students' league, had a hot time for over an hour in the West Side Police court at the last session of the hearing of the old case against Miss Anna Robinson, clerk at the Art League, on West Fifty-seventh street, upon the charge of circulating improper literature in the shape of a catalogue containing pictures of the nude. Comstock opened the proceedings by placing on the stand Miss Robinson, the ostensible defendant. Miss Robinson was trembling with fright when she took the stand, and it was apparent that she would suffer a complete break if subjected to a rigid examination. Her cheeks were flushed, and her voice shook with emotion when she began to answer the questions which Comstock put to her in a rapid, incoherent manner. She was on the stand less than fifteen minutes, but was in such a nervous state that her answers were almost inaudible, and she was on the verge of hysterics. Miss Robinson collapsed. The collapse came when the young woman stepped into an anteroom adjoining the private chamber in which the hearing took place. Suddenly she sank into a chair and began to sob violently, while the young women members of the league who accompanied her tried to revive her. Her hysterical sobs could be heard by the group of persons in the courtroom, and the hearing came to a temporary halt until she was led from the building. Comstock led off by showing Miss Robinson a copy of the stock of June catalogues which he had seized at the time of her arrest. He tried to make her admit that these catalogues had been sold through the mails at \$1 each. She did not know about that. She did not know that about 12,000 of the circulars were printed, and that she sent out possibly 200 of them. If any money had been received for them, she said, Miss Mercereau, the correspondent clerk, or Miss Farrington, another clerk, would be more apt to know about it. Then Crowley moved the discharge

of the defendant. "Only one controlled by false delicacy could see anything offensive in these catalogues," thundered Crowley, shaking his arms violently in Comstock's direction. "Comstock unworthy of belief." "The courts have held that nudity is not obscenity. It is only those who are themselves lewd and lascivious who are themselves guilty of obscenity in the pictures in this catalogue. Comstock's actions in this case show him to be a man unworthy of belief. He promised to keep this young woman's name a secret, and then revealed it at the first chance." Comstock in reply started out by saying that he could not expect the newspapers to treat him fairly, and that he was sorry that Miss Robinson had been dragged into real work of art, but said, "but not for the feeble, filthy scrawls of amateurs. And if these filthy and chivalrous gentlemen of the Art League can find it possible to hide behind a woman's skirts, why, let them do it; let them do it, I say. They are indeed an unmanly set to hand out their filthy pictures and then let a woman shield them." Magistrate Mayo promised to render a decision in a week. Too Tame. "Yes," cautioned the mistress. "I discharged the last cook because she idled away too much time playing dominoes with the policeman. I hope I won't have that trouble with you." "Indeed, you won't, mum," assured the new girl. "I am glad of that." "No; me and me intended wouldn't think of playing anything less fashionable than bridge."—Chicago

## Busy Time in Our Garment Department

The Big Store is certainly doing the garment business of the town, judging from what enthusiastic customers tell us. There's a lot of New York buying organizations who are sending out notices things every day. It's this service that Fresno women seem to appreciate. Today we tell of silk jumper suits, combination two-color suits, separate coats and skirts in contrasting colors. When we first showed the combination velvet coat and plaid skirt suits two months ago, we were only a few days behind New York. Now that we have these jumper ideas that will be so prominent for next spring, we want you to remember that it's the Big Store with its wide-awake methods that makes it possible for you to have the new things first. Novelty broadcloth suits, fresh from Fifth avenue's finest tailors, make their initial bow this morning. Beautiful new ideas shown today for the first time. Plaid silk jumpers with blue taffeta silk collars, embroidered with French knots; very pretty and quite stunning when worn over lingerie waists.

Fair, Wednesday.

Fair, moderately cool weather prevails over the country from the Mississippi valley eastward, with slight changes in barometric pressure. A shallow area of low pressure covers the region from the Rocky mountains to the Mississippi valley, accompanied by generally cloudy weather. Light rain or snow has fallen over Northern Utah and portions of Nebraska and Minnesota. The area of high pressure central off the coast of Middle California yesterday has extended eastward to the north Rocky mountains, being central over Utah and Idaho. It is accompanied by fair, cold weather, with a minimum temperature of 32 degrees or lower over the plateau region. The pressure is decreasing rapidly in the region of Puget Sound, causing light rain over the extreme northern coast. The conditions are favorable for fair, cool weather at Fresno and vicinity, with light frost, followed by cloudy Wednesday.

Because of the interest taken by members in the election, last night's regular meeting of the Woodmen of the World was attended by few members. One candidate was proposed for membership, and five transfers were acted upon.

John Holden, who works on a ranch near Lone Star, met with a bad accident yesterday morning which will disfigure him for life. He intended to take a day off and visit Fresno after casting his vote and as he was out in the field trying to catch a pastured horse, ran into a barbed wire fence, tripping and scattering his cheek badly. He came to town and the injuries were stitched up by Dr. Launkin, but several bad scars will remain.

C. D. Van Zandt, whose wife died in Glasgow, Scotland, last month, went to New York by way of New Orleans yesterday to meet his little daughter, Grace, who came from Europe alone after her mother's death. The little girl is only 12 years old, but made all her own arrangements for the long journey and insisted upon making the trip alone. She is regarded as a singularly precocious and intelligent child, and was known as a girl with a future as a vocalist and pianist.

## EVERYBODY WAS GOOD ALL DAY YESTERDAY

Police Records Show Unprecedented Lightness of Minor Offenders.

Yesterday was election day, and this, if anything, furnished an excuse for big doings in police circles, especially among the thirsty classes who had ample opportunity to acquire heavy potations in the various bars after the polls were closed, to say nothing of opportunities which presented themselves from time to time at some of the election centers. But the jail and police headquarters' records show that the city enjoyed an almost unprecedented absence of crime, even of the petty kind. Up to 11 o'clock there was not a single arrest made. Of drunken men on the street there were a number, but they were of the milder class which could call for no intervention of the custodians of the law.

Anticipating a congested jail, the police during the earlier part of the night, used moral inducement in restraining things, and this seemed to have the desired deterrent effect in keeping the things down to the proper level. Later on in the night, when something might be expected, everyone and his friend went home to wait for the result of today, leaving the policemen with nothing on record as their work of the day by way of tangible proof as captives in the bastille.

For some reason, the fall of hobos, too, yesterday was light. During the entire day there was not a weary brought in although the daily average is between four and eight.

## CASTELLANE DIVORCE TRIAL TO BE RESUMED IN FRENCH COURT TODAY

PARIS, Nov. 6.—Sensational developments are anticipated at the hearing of the Castellane divorce case tomorrow, convinced that all hope of a reconciliation has gone forever, it is apparently the intention of the court's attorneys to open a vicious attack on the countess' witnesses. The hearing tomorrow will be private. Helen Gould is here giving support and comfort to her sister during the ordeal.

Killed Mother By Accident.  
NEW YORK, Nov. 6.—While taking apart his revolver so that it could do no harm in the house, Henry Steiner, 18 years of age, of College Point, L. I., accidentally shot his mother. She is dying and the boy will lose his reason as a result of the tragic accident.

## MRS. EDDY IS INTERVIEWED

Newspaper Men Saw Leader of Christian Science.

She Answered Three Questions and Terminated the Interview.

Eastern newspapers just received give further details of the interview with Mrs. Mary Baker Eddy, lately reported by the Associated Press. The fuller accounts say:

Mrs. Mary Baker Eddy, head of the Christian Science Church, in order to refute the stories sent broadcast recently that she was suffering from a cancer and was near collapse, submitted to a brief interview with a number of newspaper representatives today at her home, "Pleasant View."

Although Mrs. Eddy shows her advanced age in some respects, her voice today is clear and strong, and she gave no evidence of deterioration or of any weakness not to be expected of a woman in her eighty-sixth year. Edward N. Pearson, secretary of state of New Hampshire, made the following statement:

I was present by invitation at Pleasant View today, with the representatives of eleven newspapers. I stood near the Rev. Mary Baker Eddy, whom I have known personally for some fifteen years; I distinctly heard her answers to the questions asked of her. I saw her leave the room in which the interview was given and walk to the door of her carriage, and I saw the carriage driven toward the city. Mrs. Eddy's voice was clear and strong, and every appearance was that of a woman in full possession of her faculties. I am not a Christian Scientist, and I am without bias or prejudice in this matter.  
Edward N. Pearson.

The interview, which was granted to newspaper representatives, was arranged early in the day by H. Cornell Wilson, head of the Christian Science publishing committee. In addition there were present Edwin S. Herrington, first reader of the local Christian Science Church; Edward M. Pearson, secretary of the state of New Hampshire, and Calvin A. Frye, Mrs. Eddy's secretary.

When the newspaper representatives had been seated in Mrs. Eddy's parlors, Mr. Frye announced Mrs. Eddy. She walked to the doorway and stood, unassisted, before her interviewers. She did not advance beyond the threshold of the door, and when it was seen that she would not enter the room for a prolonged interview, a woman reporter was delegated to talk to her.

Mrs. Eddy appeared to be more anxious to demonstrate that she was in good physical condition, than to answer inquiries. Just three questions, when Mrs. Eddy turned, spoke a word to her secretary, and abruptly started for her carriage to take her customary afternoon drive. The interviewers were left in the parlors with numberless questions on their lips, but without an opportunity to ask them.

Declares She Is in Good Health.

"Are you in perfect physical health, Mrs. Eddy?" was the first question asked.

"I am," was her brief reply, given with distinct enunciation.

"Have you any other physician than God?"

"No, indeed," answered Mrs. Eddy, with emphasis, and then she added, slowly and solemnly: "The everlasting arms are around and above me, which is enough."

"Do you take a daily drive?"

"I do," replied Mrs. Eddy.

It was at this point in the interview that Mrs. Eddy, unexpectedly, indicated that the interview was at an end, and she turned, without another word, for she turned, to the porte cochere at the front of the house, where her carriage was awaiting to convey her on her usual drive about the city.

## SMOTHERED IN WHEAT HIS TERRIBLE FATE

Man Was Caught in Vice of Quick-sand-like Grains and Drawn to Death.

NEW YORK, Nov. 6.—Patrick Dolan, foreman of the grain handlers in the elevator of the William Bald Company, Brooklyn, fell into a pit containing 3000 bushels of grain yesterday. The little kernels, rolling against one another like myriads of great men, chine, gripped his feet, his ankles, his legs, his torso, and he was drawn down by a power that was irresistible. Dolan plunged this way and then that, and with every step the quicksands gripped him more firmly. He called for help and Petro Amazio, a fellow worker, went to his assistance, but he threw a rope to Dolan which the latter seized so desperately that he threw Amazio into the pit.

Other workmen, who had been to lunch, now hesitated when they reached the scene. A rush was made for the chute through which the grain is unloaded, and unfastening the covers, men let the wheat run into the street. Soon Amazio's body shot down the chute and Dolan's followed. The latter was dead, having been smothered, but Amazio was still alive and will recover.

## DAUGHTER HELPLESS WHILE MOTHER DIED

Tragedy in New York Tenement Was Ended After Days of Horror.

NEW YORK, Nov. 6.—Mrs. Mary Donagan, nearly starved, helpless and enduring agony from rheumatism, was found yesterday in her rooms, where found a mother's dead body had lain for three days.

Mrs. Donagan and her mother, Mrs. Catherine Ryan, aged 84, lived in a tenement in Brooklyn. Mrs. Ryan had long been an invalid and her daughter a chronic sufferer from rheumatism, ministering to her as best she could. An attack Friday crippled Mrs. Donagan so that she could not move, and while she was in this condition her mother died.

Mrs. Donagan cried for help, but no one on the starved, abandoned house came. So she lay, helpless with hunger, until today, when she was found dead, with her mother's body still in her room.

Mrs. Donagan was removed to a hospital. She is in a critical condition.

## SANTA FE TRAIN ROBBED BY TRAMPS

Passengers at Gallup Were Held Up While Train Crew Was at Lunch.

ALBUQUERQUE, N. M., Nov. 6.—Word reached this city this afternoon of an attempt to hold up Santa Fe passenger train No. 1 at Gallup. The train had stopped when three men entered the dining room, with revolvers, and made the passengers hold up their hands, receiving several hundred dollars in money, several grips and overcoats from passengers.

The bandits then moved to the front end of the train, when some of the passengers gave the alarm and the men escaped into the darkness. The robbers are thought to be tramps who had been forced off freight trains during the day.

## COURTMARTIAL TRIAL OF INFANTRY OFFICER WHO TOOK HOLIDAY

NEW YORK, Nov. 6.—The court-martial of Lieutenant John S. Hamilton, Twelfth infantry, U. S. A., for absence without leave, began on Governor's Island yesterday. Hamilton is the officer who disappeared from the concentration camp at Mount Gretna, Pa., nearly three months ago, and who later wrote a letter to General Hall, chief of the general staff, telling that officer that he was going to commit suicide. About ten days ago Hamilton surrendered to General Carter in charge of the camp. The trial is expected to be court-martialed. The trial is being held behind closed doors at the request of Hamilton's counsel.

## IMPLEMENT COMPANY STOCKHOLDERS SUMMONED IN RECEIVER PROCEEDINGS

SALT LAKE CITY, Nov. 6.—In the State District court today Judge Morse issued an order citing warring stockholders of the Utah Implement company to appear on Monday next in receiver proceedings. Five of the stockholders have petitioned for a receiver, alleging mismanagement on the part of M. B. Whitcomb, managing director, and two other directors. The petitioners allege that the company's liabilities are \$494,812 and that the assets are \$54,365 of equaling the liabilities. Of the liabilities alleged, about \$80,000 is owing to Utah banks.

## SWITCHMEN'S DEMANDS HAVE BEEN REFUSED BY TWENTY-THREE RAILROADS

CHICAGO, Nov. 6.—General managers of twenty-three railroads entering Chicago have declined to grant the demands of the switchmen's union for an increase in wages. The railroads renewed their offer of 2 cents an hour increase, but declined to go beyond that. The switchmen last night decided to demand 10 cents an hour and their request was accompanied by a practical threat of a strike if their demands were not granted.

## PREPARING THE TURKEY.

Some Pointers Which Will Be of Value to Housekeepers this Month.

The Housekeeper for November gives some pointers on the preparation of the Thanksgiving turkey, and they are of interest to every family which can afford a bird this year. They may be clipped out and saved until the day of the great feast.

After removing the pin feathers, hold the turkey over the fire and singe off the remaining hairs. A little paper laid on the coal range, or alcohol placed in a dish will remove all hairs without making smut on the skin. With a sharp knife cut through the scaly part just below the leg joints, lay on the edge of the table and with a quick blow downward break the bone; this leaves sufficient flesh over the joint to prevent the bones from burning, and the flesh and skin from shrinking off the bones. Cut off the head just at the neck; with a sharp knife cut out the neck; which will be found in the oil sack, which will be found in the neck. Split the skin in a straight line over the back bone from the shoulder up to the neck, turn it back and pull out the crop and wind-pipe, then cut off the neck bone close to the shoulders, leaving the skin attached to the bird. The intestines are usually removed from the bird by the one who kills it; but the housekeeper must look to see that the lungs and kidneys are removed, for the market man seldom does this.

The giblets are the next thing to be seen to; insert the fingers in the lower vent and loosen these organs; then, after their removal, clean the bird inside with a damp cloth, which is preferable to washing, as the latter method starts the juices and lessens the flavor.

Two quarts of "dressing" will be required for a turkey of moderate size, and the bird must be at least two days old. Bakers' loaves are better than home baked bread because they are lighter. Pare off the crusts in warm water; squeeze well and add finely broken to the cranberry interior of the loaf. To this add salt and pepper to suit one's taste, mixing into a decided flavor as it cooks into the flesh; finely chopped parsley, celery and onions are added next. To a quart of the dressing allow one egg and one-fourth cupful of melted butter. If one wishes, one pint of raw

oysters can be added. Broiled chestnuts, chopped finely and pressed through a sieve, are liked by many persons, but their flavor is much better if used in connection with a boiled rice dressing than with the bread mixture. If these are used omit all seasoning except the salt and pepper.

Fill the neck cavity, sew up and fold back upon the shoulders of the fowl, turning the pinions under the wings so that their tips meet across the back. Place enough dressing in the body to fill two-thirds full, as the dressing will swell and fill the cavity when cooked. Then truss and spread with softened butter, dredging with flour place in large pan and fill up with boiling water, cooking in hot oven and basting every fifteen minutes, using the water that is in the broiling pan. Clean the liver, heart and gizzard, and with the neck place in the pan; the heart and liver will cook more quickly than the gizzard and the neck, and must be removed when done.

After the first hour and a half the heat must be reduced and the cooking be more slowly done. For a ten-pound turkey it will take from three and one-half to four hours, allowing fifteen to twenty minutes for it to heat through when first put into the oven. After it begins to cook it needs careful watching and basting, for the success of the turkey is in the careful cooking. The bird should be turned so that all sides may be evenly browned. The oven must be hot enough to cook off the water, leaving a rich, brown sediment in the pan, which will make a most delicious gravy.

## ST. LOUIS VOTER WAS BOUND TO REPEAT UNTIL BADLY CLUBBED

ST. LOUIS, Nov. 6.—After a hard fight, Joseph H. Hutton, a former city detective, was arrested in the Fifth ward today on a charge of attempting to vote twice. Hutton was arrested in the line of waiting voters. He knocked Policeman Corcoran down and split the officer's ear. (The judges and clerks went to the officers' aid, when Corcoran clubbed him into submission.)

Big Stock Ranch Sold.  
HOLLISTER, Nov. 6.—The Cienega de Los Valencas ranch, containing about 20,000 acres, was sold yesterday by a local corporation to H. J. and K. MacComber of Pasadena, who will operate it as a high class stock breeding farm. The purchase price was \$200,000.

## RUBEROID ROOFING

(TRADE-MARK REGISTERED.)

STANDARD FOR FOURTEEN YEARS.

Furnished in Four Grades.

1-2 Ply for Small Poultry Houses, Sheds, etc.  
1 Ply for Barns, Out-buildings, etc.  
2 Ply for Dwellings, Warehouses, Stores, etc.  
3 Ply for Factories, Churches, etc.

Architects and builders of the highest class recommend Ruberoid Roofing for any style of building. It is as serviceable on a flat roof as on a pitched roof. It is used in every part of the civilized world, on all kinds of structures, from the humble shack to the handsome cathedral. The United States Government has over three million square feet in use on buildings in the Philippines. Because of its non-absorption of sun-heat, Ruberoid Roofing ensures cooler interiors than metal or shingles.

# COUNTY ELECTION

## Heavy Vote and the Count is Very Slow

Gillett Will Probably Carry County—Cartwright Makes Remarkable Run and Probably Will Be Elected—Chittenden and Mills Run Away. Ahead—H. E. Burleigh Badly Beaten for Supervisor—Several Close Contests.

Yesterday's election brought out a very heavy vote, and the count is so large that the count is extremely slow. At 2 a. m. this morning the very incomplete returns at hand indicate that Gillett for governor will carry the county by a slight majority, or break even with Bell. Needham's vote indicates his usual big majority.

The biggest surprise of the election was the remarkable run made by George W. Cartwright against Frank H. Short for state senator. The count in town, less than half complete, would indicate that Cartwright would carry it by a couple of hundred. Short is running unevenly in the country, in some precincts being ahead of his ticket and in others falling behind.

For the assembly, Drew is running well, and is doubtless elected, but Chandler has a closer fight and may not overcome O'Donnell's conceded lead in Coalinga.

As to the county ticket the returns at hand and reports as to the progress of the count show that the Democrats will elect the bigger part of the ticket. For superior judge Austin leads, with the fight for second place between Chittenden and Snow. Chittenden for sheriff, Miles for county clerk, Cummings for assessor, Lindsay for school superintendent and W. A. Barnum for coroner, seem certain of election. Chittenden and Miles are running away ahead.

The Republicans will elect Barnum for auditor, Barstow for recorder, A. B. Smith for tax collector, Hickman for treasurer, Andrews for administrator and McKay for supervisor.

H. E. Burleigh was badly beaten for supervisor, and the fight between Leslie and Martin is close.

Cosgrave and Church for district attorney are close.

Frequently the ink is not thoroughly dry. During our rush period we make a great deal of money. It is the easiest thing in the world to make mistakes with new bills when in a hurry to relieve a long line of waiting patrons. When possible we give out the new bills during hours when there is no rush. I'd rather pay out a million old bills than a hundred new ones.

"These bills are new enough, that's sure. But I seem to be a twenty short. I'll count them over to make sure. No, they are all here. Two were stuck together."

"That's just it," laughed the cashier. "One cannot be too careful in handling them. I count old bills over twice. I have to count a pile of new bills half a dozen times."

MAYOR OF MEMPHIS

CLASHED WITH POLICE

Removed the Chief for Insubordination and Was Overruled by the Commission.

MEMPHIS, Tenn., Nov. 6.—Mayor Malone today suspended Chief of Police George T. Oliver for insubordination. Under the city charter, the mayor has the right to remove the police chief for cause, providing that in his judgment trouble is feared. There has been much bitterness between the factions in the campaign for the state legislative ticket and Mayor Malone today made a rearrangement of the police force. Vice-Mayor Walsh and Chief of Police Oliver instructed the men to remain where they had been first assigned. The mayor then upon suspending the chief and temporarily appointing Sergeant Hayes to act as chief of police.

A quorum of the fire and police commission, consisting of Vice-Mayor Walsh and Commissioners Bruce and Rice, met and adopted a resolution reinstating Oliver as chief of police.

PRESIDENT VOTED

AT OYSTER BAY

He Greeted Friends and Neighbors and Drove Around His Home

OYSTER BAY, Nov. 6.—President Roosevelt, accompanied by Secretary Loeb and Postmaster General Cortelyou, arrived here at 9:10 this morning and was greeted by a big crowd. He stopped at the railroad station long enough to shake hands with most of those present and was then driven in a carriage to the polling place, over a Chinese laundry in East Main street. After shaking hands with each of the election officers, he received ballot 14 and soon cast it. While Secretary Loeb was voting, the president chatted with some of the villagers. He then shook hands with nearly every one present, and then with Mrs. J. West Roosevelt took drive about the village, stopping frequently to allow the president to greet neighbors. The president's train left Oyster Bay at 10:30 a. m. President Roosevelt left Jersey City for Washington at 12 o'clock.

THREE AGED VOTERS

MADE A RECORD

Two Men and a Woman in Colorado Had Total Age of 282

Years Between Them.

PUERTO, Colo., Nov. 6.—Precinct 5 in the East ward of this city probably established a record of old age voters at today's election. Three persons—two women and one man—whose ages aggregate 282 years, appeared at the polls at that place today and cast their votes. "Annie," 102 years old, cast her first ballot. She has lived in the state a number of years, coming here from Connecticut. She says she voted "for the preacher," Chancellor Buchtel. The other two, Mr. and Mrs. Hourie, aged respectively 88 and 92 years, appeared at the same place and voted, but did not state their political faith. They are Germans and have lived here many years. All of the three old people had to have assistance in arranging their ballots.

ANNA HELD RECOVERS GEMS.

Suit Case With \$280,000 Worth of Jewels Mysteriously Returned.

CLEVELAND, Ohio, Nov. 6.—Anna Held, the actress, recovered the \$280,000 worth of jewels which she lost in a mysterious manner last week. The recovery was quite as mysterious as the disappearance of the jewels; even more so. It all happened this way: Two men with a suit case got off of a Lake Shore train at Palmyra, Monday night. Two other men got off too. The latter noted as if they were in a hurry. They said they were detectives from Toledo. When the pair with the suit case saw the detectives they started to run. The detectives ran, too, and captured the fugitives, who had dropped the suit case. Night Policeman J. Hennessy, of Palmyra, picked up the suit case. The detectives, their prisoners, and the suit case went on the Lake Shore train. That was the last seen of the quartet and the value in Palmyra. This evening Hennessy got a telephone message from Toledo. The man at the Toledo end of the line said: "This is Detective Myers of Toledo. The suit case contained the Anna Held jewels. They are all recovered." The bell rang off.

LEUTENANT STOESEL

ASKS CHARITABLE AID

TO EMPLOY A SERVANT

LONDON, Nov. 6.—A dispatch from St. Petersburg to Reuters' Telegram agency today says Lieutenant Stoessel, defender of Port Arthur, is in such financial straits that he has applied to a charitable institution for wounded officers for assistance to enable him to employ a servant. The officers of the institution asked the general to produce a medical certificate showing that his health required the services of a servant.

Hold-Up in San Jose.

SAN JOSE, Nov. 5.—James Parkison, a clerk, was waylaid tonight in the center of the city and badly beaten by two would-be robbers. Parkison's cries attracted the attention of several persons who gave chase by running into a house and then over several roofs.

"Just call it quits!" I'll use my influence with you to get you that new dress you want."—Philadelphia Press.

## SOME DOING'S IN NEW YORK

Incidents of the Polling Which Are of Interest.

How the Gubernatorial Candidates Voted—Rockefeller Hoped for the Best.

NEW YORK, Nov. 6.—Exceptionally favorable weather conditions after a campaign of almost unprecedented activity on the part of the two leading candidates for gubernatorial honors seemed to insure an unusually large vote. In this city the balloting started with a rush as soon as the polls were opened and in many sections new records for the early hours were made. In one district in the Bronx 132 ballots were deposited in the first fifteen minutes of voting.

Service of the thousands of warrants sworn out by Superior courts in Election Morgan was begun early in the day and there was a steady stream of prisoners from the polling places to the police courts. In nearly every case in the first three hours the prisoners proved their right to vote and were permitted to go back and deposit their ballots. Sixty arrests on charges of illegal voting and registration and offering and accepting money for votes were reported during the first two hours after the polls opened. This is the greatest number of arrests reported in so short a time since the election. Bureau was established.

Among the early morning arrests was former Police Captain Diamond. He voted from his home in East Eighty-third street. When the Morgan agent went to verify the address they found the house boarded up. The arrest was made on the allegation that Diamond had lived all summer in Tulare county, this state.

John D. Rockefeller was among the early voters. He reached the polling place in Sixth avenue at 8:20 o'clock and deposited his ballot two minutes later. "What do you think of the election?" he was asked. "I hope for the best," replied Rockefeller and was whisked away. Charles E. Hughes voted shortly before 8 o'clock in an Amsterdam avenue residence. Hughes walked down from his home in West End avenue. He was greeted with a cheer as he approached the polling place and greeted the inspectors, clerks and watchers with a cheerful "good morning."

Hughes was given ballot number 148 which he took only a moment to mark in the booth. When he had voted, Hughes walked back to his home. W. H. Hearst sent the following telegram early today to the state committee of the Independence league: "We will have at least 200,000 plurality in Greater New York. I feel that our chances up the state are very bright, thanks to your efforts and the efforts of our friends. "There is only one possible danger and that is that an attempt may be made to count us out up the state as they counted us out in this city last fall. I urge you to take extraordinary precautions to prevent repeating and miscounting. "I thank you for your valuable aid in this campaign and I congratulate you on the victory that I firmly believe we are going to achieve." A general canvass of the Twelfth assembly district, Charles F. Murphy's district, showed that nearly one-half the total registered vote had been cast before 9 o'clock. That the party watchers and election officials were extremely vigilant was evident from the moment the polls opened. In Manhattan alone 115 arrests had been reported up to 9:30 o'clock. A remarkable feature of these incidents was the unusual number of members of well-known and wealthy families who were arrested and forced to prove their residence in court before being permitted to deposit their ballots.

Alton B. Parker was obliged to stand in line more than ten minutes before he received his ballot. Standing in the line at the same time were John D. Rockefeller Jr., H. McK. Tremblay and Harry Payne Whitney. J. P. Morgan joined the line at 10:15 and deposited his ballot ten minutes later.

The Independence league today issued a statement that reports received from state committee men Myers stated that in the town of Troy alone the registration line had increased from 117 last year to 257 this year.

Clarence J. Shearin, in charge of the watchers for the Independence league, said he received reports from his agents showing that the supply of ballots had been mixed in forty-one election districts in Greater New York, the election officers of one district receiving the ballots printed for another district. Shearin said that at least 100 ballots for local candidates would be void on account of this mistake, but that it would not affect the head of the ticket.

In Brooklyn, where Patrick McCarron, the Democratic leader, has been making a determined and open fight against Hearst, there were indications that the regular Democratic voters were holding back early in the day. Whether this was due to "orders" because in many Brooklyn manufacturing establishments the employees are given afternoon rather than morning for voting, is not known.

"I am making no prophesies," said Hughes, after voting today. "I am content to wait until the vote is counted."

Hearst voted just before 1 o'clock at an undertaker's shop. He voted ballot number 446. On the way to the polling place he was repeatedly cheered. Hearst said he would remain in his home all the afternoon resting and gave the newspapermen who had been waiting for him the run of the house.

"It's such a fine day," said Hearst. "I don't want any one to be waiting for me outside my doors."

While driving in a closed carriage at Columbia and Livingston streets, Schoenfeld, manager for the Hughes volunteer campaign, and his son Abraham, were attacked by a gang of roughs who threw rocks and bricks at the carriage. One brick crashed through the glass window and smashed Schoenfeld's hat. At the same time

Samuel Maltz, a Republican worker, was attacked while standing near the carriage and beaten about the head.

"There was much dissatisfaction among the street car employees of Manhattan today because of a notice that appeared yesterday at the car barns of the New York City Railway company. The notice reads: "No man will be excused tomorrow, November 6th. Any man reporting sick or losing his car will be dismissed provided circumstances warrant it. Any man losing his car will report to starter as soon as possible."

"GEORGE BAIRD," The men claim that this order would deny them an opportunity to vote as they had to be on duty at 7 o'clock this morning, and would not be at liberty until after the polls closed.

TYPHOID FEVER

AROUND THE BAY

Dr. N. K. Foster of the State Board of Health Reports on Epidemic.

SACRAMENTO, Nov. 5.—Dr. N. K. Foster of the state board of health says that a solid form of typhoid fever is prevalent in the cities about the bay, and that the presence of the disease is due to the unsanitary conditions of the refugee camps. So long as the present conditions continue the spread of the disease will be unchecked and it is feared that it may reach serious proportions.

The state board of health, under the direction of Dr. Foster, is making systematic inspection of the conditions with the object of controlling and ultimately stamping out the disease. The general health of the state is good, but it is feared that the fever will spread through the interior counties and create a serious condition of affairs.

There is no case of typhoid fever that cannot be traced to some other where proper precautions were not taken to keep it confined. The greatest danger, but by no means the only danger, is in the water supply.

It is a known fact that the typhoid germs travel long distances in water and will live for months in the cities and towns, taking their water supply from streams into which supply the refuse and sewage of other towns, are in constant danger from an epidemic of typhoid fever. Dr. Foster said yesterday that the long dry season has had much to do with the spreading of the disease. When the gutters and gullies are flushed by the rain all the refuse matter in which the germs thrive, is carried away and the people do not come in direct contact with them. Dr. Foster said that the present storm will undoubtedly do great good.

The board of health has been successful in its fight against smallpox. The disease has been almost stamped out in San Francisco, where two months ago it had reached serious proportions. Dr. Foster returned to this city yesterday from San Francisco, where he was called to inspect conditions that are thought to be responsible for the spreading of typhoid fever. The state board of health is working in conjunction with the San Francisco board and the progress they have already made is encouraging and highly satisfactory.

DRINKS ACID BEFORE HER INVITED GUESTS

Ohio Girl's Threat of Suicide Regarded as a Joke By Her Friends.

MARION, O., Nov. 5.—In the presence of a gathering at the home of Ernest Furell yesterday, Miss Hilda Furell, aged 19, announced that she was going to commit suicide. She then locked herself in a room and cried: "I am going to do it now."

"Go ahead; we are waiting," returned somebody from the porch, thinking Miss Porter was fooling.

Opening the door, the girl swallowed a dram and a half of carbolic acid in view of the men and women on the porch and fell to the floor. Willing in agony, she murmured: "I did it for my sake, for God's sake, save me." She died an hour later.

Walter Krouse, aged 20, Miss Porter's sweetheart, says the only reason he knows of why she should take her life is that he bit her on the arm and it made her mad.

OAKLAND GARAGE DESTROYED BY FIRE

Two Adjoining Houses and Twenty-Five Automobiles Also Went Up in Smoke.

OAKLAND, Nov. 5.—Fire tonight destroyed the Pioneer automobile garage at Twelfth and Oak streets and two adjoining houses, including a total loss of 150,000. Twenty-five automobiles stabled in the building were burned. The structure is a total loss.

The fire was started, it is alleged, by one of the employees who dropped a match into a pool of water overflow from a sewer which was heavily coated with oil. In an instant the interior of the garage was in flames and despite every effort to save the valuable machines, only three of the automobiles were taken from the burning structure.

TO DEPRIVE FREEDMEN IN CHEROKEE NATION OF THEIR ALLOTMENT

TULSA, I. T., Nov. 5.—Suit will be filed at once in the United States court to deprive the freedmen in the Cherokee Nation of their rights to their allotment. Announcement was made tonight by local representatives of the attorneys of the Cherokee, which was done adversely to the whites by the United States Supreme court today.

The suit will effect thousands of negroes in the Cherokee Nation, also many whites who have purchased freedmen's land.

MASSIVE COLUMN IN NEW BUILDING FELL INTO BASEMENT.

NEW YORK, Nov. 5.—An eight-ton iron column fell from the top of the second floor of the new Grand Central hotel today, toppled over and crashed through heavy iron girders into the basement, a distance of sixty feet. It struck and killed a workman and seriously injured another.

Bulgarian Cabinet Resigned, SOFIA, Nov. 5.—The Petrof cabinet has resigned as it did not enjoy the cordial support of parliament.

MOROCCAN TROUBLES

ALARMING FRANCE

Mohammed El Torres Has Apologized for One Offensive Act of Belligerency.

PARIS, Nov. 6.—The foreign office this afternoon announced that Mohammed El Torres, the representative of the sultan of Morocco at Tangier, has apologized for the action of some natives yesterday in attacking the crew of a small boat belonging to the French cruiser Galilee in the harbor of Tangier and that Mohammed El Torres had taken measures to prevent a recurrence of such incidents. The incident is now regarded as closed.

The French government is more concerned about the encounter which occurred October 20th near Dakar, Senegal, French West Africa, between a detachment of French sharpshooters and a band of Arabs, during which many of the sharpshooters and 150 Arabs were killed, as showing the extent of the agitation among the Arabs. A special dispatch from Dakar to the Echo de Paris says that the arms were supplied to the Arabs by a German adventurer at Agador, Morocco.</

# Married Women

Every woman needs a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great balsam always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

## SOCIAL AND CLUB NEWS

Mrs. Frank Romain entertained yesterday one of the prettiest bridge luncheons of the season, at which Miss Mildred Rickett, a November bride-to-be, was the guest of honor. In the spacious and artistic living room where the hostess received her guests there were huge baskets filled with rugged yellow chrysanthemums in charming array, adding a note of brightness to the dull, rich tones of the decorations. At the daintily appointed round table in the dining room there was an effective centerpiece of fluffy white chrysanthemums, artistically arranged in a green basket with delicate ferns. At each place was a big white blossom tied with a fluffy bow of tissue ribbon, the whole forming a perfect white wreath about the table. The same diaphanous ribbon tied a huge knot on the basket in the center. The white and green effect was carried out in every possible way, even to the menu. The hostess was gowned in a becoming track of blue, embroidered in white and wonderfully becoming. With the hostess and Miss Rickett at tables were Miss Laurel Moody of Sanger, Miss Eleanor Hodgkin, Miss Maude Craycroft, Miss Maud Miller, Miss Grace Graham, Miss Irma Dickinson, Miss Eugenia Miller, Miss Elsie Smith, Miss Grace Shaver and Mrs. Frank Short.

Last Saturday evening the Madison club assembled at the home of Mrs. E. H. Winters in West Park for a most enjoyable social. The rooms were artistically decorated in autumn colors and the little jack-o'-lanterns peeping out from every nook and corner. Music and games entertained the guests most delightfully during the evening and in conclusion a feast of good things would be served. The evening in lovely fashion, about thirty guests enjoyed the hospitality of Mr. and Mrs. Winters.

The next all-day session of the club a week from Friday will be held with Mrs. Graham.

At the First Presbyterian church last night there was the greatest children's party ever heard of. All the young people of the Christian Endeavor society and a great many of their friends conceived the idea of having a real jollification and so got out their smaller brothers and sisters' clothes and dressed up for a school party. A. G. Whiting was the schoolmaster and a most talented and indulgent one he proved, while the program contained lots of lovely "piques" and dialogues, to say nothing of songs sung by the whole school and by individuals. Among those who contributed to the program were Miss Lili Ritchie, Miss Marie Shaeffer, Mrs. A. G. Wahlberg and Ned Prescott. There were cute little Bester Browns and bewitching little maids in caps and French dresses and feebly pinnafores. Every one brought his own lunch basket and when recess came around they all sat down in merry, gleeful little groups to feast on the contents of the lunch baskets, perhaps "swapping" lances by way of variety.

The competent promoters of this very delightful and unique evening's entertainment included Miss Victoria Cutler, Miss Nita Blaney, Mrs. Hudson Eccleston and Ned Prescott.

Miss Grace Graham, who has been the guest of Mrs. Maud Miller since the Miller-Irwin wedding, leaves tomorrow for San Francisco, accompanied by Miss Miller, who will visit friends about the Bay for a couple of weeks.

Miss Grace McCormack leaves on Saturday for Goldfield to spend the winter with her brother and his wife, who are living there. Her Fresno friends will be exceedingly sorry to see her go, but hope that the attractions of the new town will prove entirely irresistible and that she will return to California after a few months.

Yesterday afternoon a number of the friends of Mrs. Margaret Henderson, whose marriage occurred only a few weeks ago, surprised her most completely when they gathered at her pretty new home on Madison avenue to give her a "cottage shower." All manner of acceptable and beautiful accessories to a new home were among the gifts brought by the ladies as a proof of their loyal friendship and esteem. Dainty hand-painted china and cut glass, pretty linen, decorative house plants and many other additions to the cottage furnishings had been thought of and will serve as the pleasantest sort of a reminder of the thoughtfulness of several scores of friends. Nearly all of the ladies were the church friends of Mrs. Henderson. After the first surprise and greetings were over, a pleasant informal reception was held and some tempting refreshments enjoyed. The affair was one of the most delightful events which this particular circle of friends have enjoyed for some time.

Mr. and Mrs. C. B. Shaver, with Mr. and Mrs. Frank Romain as their guests, expect to leave on a two-weeks' automobile tour of southern California, leaving on Saturday morning via Paso Robles and the coast route. Miss Grace Shaver will join the party in Los Angeles and Miss Ethel, who is at school there, will return with them for the Thanksgiving holidays.

Mr. and Mrs. Clifford Vaughn will leave on Saturday for Oakland, where they will reside, much to the regret of their many warm friends here. Mrs. Vaughn has been active in church and club work and will be greatly missed. The Mispah circle of the First Presbyterian church met yesterday with Mrs. C. C. Van Valkenburgh. The ladies came prepared to sew and busied themselves tacking comforters for the Presbyterian orphanage at San Anselmo, while some fancy work was accomplished in view of the sale which the ladies expect to have before the holidays.

While the election excitement was at its height last night, "Checkers" held the boards at the Barton, entertaining a fair-sized audience which would not doubt have been what it should have been were it not for election night and the fact that it followed so closely on the heels of the James production of the previous night. "Checkers" is one of the keenest, most human plays on the road today and loses nothing in the dramatization as do so many plays adapted from books. As is familiar to everyone, the play is adapted from Henry Blossom's thrilling racing tale of the same name, differing only in the final wind-up of affairs, which and happily in the play and leave the audience with the impression of having enjoyed a clean, wholesome play, full of heart interest and naturalness—the kind of play that appeals to the human instinct in every heart. The very quality, which is supposed to dominate the play, does not add coarseness or any objectionable qualities, but, rather, gives a chance for a clever bit of character work and

shows up boldly the real heart of "Checkers," about whom the whole interest of the play centers. The company is fairly well balanced, although in the grand average the male portion of the cast has the better opportunity and gives the strength to the play. Having once seen Hans Roberts as "Checkers," one could not fancy the character in any other hands with such success. He has the necessary qualities of looks and mannerisms which, seen as natural as sunlight, and his interpretation of the impulsive, sport-loving racing chap, with a warm heart and genuine impulses, is a delight to see. Everyone in the audience fell in love with "Checkers" with the same alacrity as did Bert Barlow, the girl to whom he gave his heart. He was simply irresistible and altogether lovable. His return to the betting ring and his last gamble were forgiven with the same grace as was shown in the attitude of the girl when he returns to her and admits his fall from grace. His honesty and simple directness are a delight to behold.

If one were not so taken up with "Checkers," the personality of Push Miller would make you "sit up and take notice." Dave Graham, Jr., in this role is simply immense. He does some of the best character work that could possibly be thought of and has been playing the part from the first production. His part stands out so vividly and forcefully and he is so whole-souled in his work that one feels satisfied for a moment not to have "Checkers" on the stage. It is a part that might easily be furnished and made commonplace, but with Mr. Graham he makes it unique and distinct in the play.

Joseph Wilkes as Uncle Jerry is clever in his part and with the town characters of Clarkville, gives a faithful portrayal of Arkimian characters as could be asked for. Isabelle Parker as Cynthia has a fine chance for a clever bit of character work and the interpretation of the part has not escaped her. She made a hit last night and deserved the applause she received. Her make-up was wonderfully good and with Push Miller she had the center of the stage on a number of occasions. One would never imagine from her appearance on the stage that she is the handsome woman that she really is. Jane Kline as Bert Barlow was not quite up to the mark and yet she was exceedingly good-looking. But somehow she lacked the spontaneity which a girl that "Checkers" would have loved ought to have. She was too studied in her poses and lacked the girlish naturalness that one has in mind after reading the book.

The stage settings were pleasing, the first showing the interior of the famous Arlington hotel at Hot Springs, Ark. The racing scene was well put on and gave "Checkers" a chance for his best scene—his conflict with himself.

Altogether "Checkers" was well put on and called forth the applause it well deserved.

## BABY BROUGHT THEM FOUR MILLION DOLLARS

Storms Arrival in Milwaukee Family Enriched Parents at Hospital's Expense.

MILWAUKEE, Nov. 5.—A wee bit of humanity, who made his debut in Milwaukee this morning, meant the disappearance of millions to the Milwaukee Hospital Association. If this little stranger had not arrived, the hospital in due time would have received an estate valued at between \$3,000,000 and \$4,000,000. Now it will remain in the Plankinton family.

The youngster who so dashed the hopes of the association is a healthy and promising boy to whom Mrs. Woods Plankinton gave birth this morning, and there is great rejoicing at the Plankinton home and among the Plankinton friends.

When the late John Plankinton died, his will was found to contain a provision that in the event he had been born or was alive at the time of the death of the testator's son, daughter and grandson, the Plankinton estate was to go to the Milwaukee Hospital Association, to which Plankinton during his life had been a generous contributor. If the present heir lives, there is no likelihood that the association will receive any of the estate.

## A Paternal Criticism.

Mr. H. B. Irving, son of Sir Henry Irving, who is not playing in this country, was not educated primarily for the stage. Indeed, his case seems fine of insistent hereditary influence. Studying for the profession of barrister, which he was still in college, he took part in amateur theatricals. An amusing story is told of one of his earlier interpretations of the difficult role of Hamlet, a role, he is said, in which he has since made a pronounced and artistic success. On this particular and early occasion, however, Sir Henry was "out in front" and after the performance several, including his son, crowded about him for an expression of opinion.

"What do you think of Smith as Polonius?" asked one.

"Good, very good," murmured Sir Henry, in his quiet, kindly way.

"And Miss Blank as Ophelia?"

"Good, very good," again murmured Sir Henry.

"And Jones as the king?"

"Good, very good," repeated Sir Henry.

"And Thomas as Horatio?"

"Good, very good," came the answer.

So the entire cast was gone through with the exception of the principal character, and each received the same precise, neat criticism, "good, very good."

Then there was a slight pause, an awkward pause, after which the son, who had been waiting eagerly and anxiously for his father's opinion about his acting, managed to pluck up enough courage to stammer, "But, father—what did you think of—the rest of the cast?"

Sir Henry looked blankly at his son and then remarked drily, "Are you sure that you want to be an actor, my son?"

## WOMEN MISTREATED ONE OF THEIR SEX

Woman Accused of Bad Conduct Was Treated to Molasses and Feathers.

FRANKLIN, Pa., Nov. 6.—Four married women of the village of East Sandy, four miles from here, today treated a woman neighbor to a coat of stove polish, molasses and feathers. Their arrests followed, but upon pleading guilty, they were released on the payment of small fines.

The four women are respected members of the community. They are Mrs. Verda Lowry, Mrs. Berline Brinkman, Mrs. Nellie Glaze and Mrs. Hilda Peterson. Their victim was Mrs. Hattie Lowry, a sister-in-law of Mrs. Verda Lowry. According to the story of Mrs. Glaze, Mrs. Hattie Lowry has been acting in a manner that did not meet with their approval. The four women decided to take matters in their own hands. They called at the home of Mrs. Hattie Lowry and told her that they intended humiliating her before the community. Two of the women seized her, while the other pair daubed stove polish on her face until it was entirely covered. Then molasses was poured on her head, and a coat of feathers applied.

Thus disgraced, the woman was marched out of the house and to a railroad camp, where 200 men are employed. There was a complete suspension of work until the self-appointed vigilance committee took their victim away. At the outskirts of the town they tied the woman to a large box, where they left her. A man came along half an hour later and released the captive.

Mrs. Lowry came to Franklin and swore out warrants for the arrest of the women who had humiliated her. Sheriff McElhenry went to East Sandy and arrested all but Mrs. Peterson, who was not at home. When the three prisoners were arraigned before Alderman Henderson in Franklin they pleaded guilty. A sentence of a fine of \$10 and costs was imposed, which the husbands of the women paid.

Mrs. Lowry, the victim, declares that the treatment was entirely uncalled for. She says she will continue to live at East Sandy.

## POLICE QUELL RIOT In Dark Tunnel

Quarrelsome Laborers Started a Row and Officers Drew Revolvers to Quiet Them.

NEW YORK, Nov. 5.—The police of the East Fifty-first street station were called upon late tonight to suppress a riot among the forty laborers employed in lock No. 2 of the East River tunnel. Before they could reach the scene one man was fatally injured and more than a dozen others suffered injuries in a free-for-all fight.

The fight started between two laborers over a personal matter and the others took sides. Three patrolmen hurried from the East Fifty-first street station and were lowered into the shaft of the tunnel, 100 feet beneath the surface of the river. Although unarmed in the locks, the three officers hurried through the first and second compartments and into the third. There they found the laborers fighting desperately.

The enraged workmen turned their attention to the officers and threatened to kill them if they interfered. The officers, though almost overcome by the high pressure of air, advanced with drawn revolvers and warned the combatants that they would kill the first man who would raise his hand against them. This quieted the disturbance, and the officers arrested and took with them a man named Schulsky, who had fractured the skull of a fellow laborer.

## Clubman an Embezzler.

AUGUSTA, Ga., Nov. 6.—Thomas W. Alexander, formerly a wealthy cotton manufacturer and prominent club man, was arrested at Pittsburgh, Pa., September 15th, after having fled from this city June 8th, leaving debts amounting to \$200,000. He pleaded guilty to an indictment charging embezzlement and was sentenced to six years' imprisonment.

TACOMA, Nov. 6.—At Lake Head in Pierce county the voters are on a strike because neither the city nor the county has provided wagons to haul the voters to Tacoma, twelve miles distant. There are forty voters at Lake Head and they refuse to make the trip at their own expense.

## "Bisight" "Opifex"

If you are interested in bifocal glasses (bifocal simply means lenses adapted for both far and near vision, more particularly for people who have to have two pairs of glasses), then we would like to call your attention to two styles of bifocals, which are well worth your consideration.

### THE "BISIGHT"

Is the only truly invisible bifocal lens; the only lens having no seams or cracks, and the only one made without cement. The "Bisight" was patented August, 1905, nearly five years after the first so-called invisible bifocals. It does not attempt to in any wise copy any other bifocal lens, but stands in a class all alone; the peer of any in quality and optical value.

The actual cost of making the "Bisight" is greater than that of any other bifocal lens. We can easily demonstrate to any thinking person why this is so.

### THE "OPIFEX"

Is made of two different kinds of glass so skillfully combined that on the wearer's face the lines are scarcely visible.

The "Opifex" for certain eye defects is a very superior lens, and with less cement surface than other advertised bifocals.

We do not charge any competitor with being a fraud or deceiver simply because he chooses to sell a different style lens than that which we have chosen for our trade. We offer these lenses to our patrons on a basis of merit in comparison with any other bifocal lens.

We invite the critical investigation of the public, and we are willing the case shall rest on that judgment.

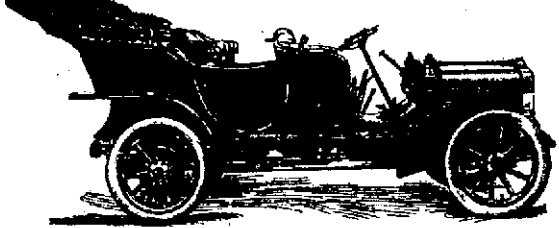

When will you investigate?

Frank French for senator in the twentieth district. French was expelled by the late senate in connection with the charges of hoodluming that sent Bankers and others to jail. French became a candidate for reelection, so he announced to be vindicated.

**SACRAMENTO COUNTY.**  
SACRAMENTO, Nov. 6.—11 p. m.—Partial returns from the city and four completed county precincts give: Gillett, 5,014; Bell, 570.  
**Justices.**—Hughes, 343; Lorigan, 429; Sloss, 388; Hatch, 311; Murasky, 337; Craig, 264.  
**Congress.** Second district—McKinley, Republican, 330; Beard, Democrat, 445.  
**Assembly.** Seventeenth district—Johnson, Republican, 233; Beckwith, Democrat, 140; Eighteenth district—O'Brien, Republican, 180; Featherstone, Democrat, 200; Nineteenth district—Lynch, Republican, 61; Walte, Democrat, 63.

**KERN COUNTY DEMOCRATIC.**  
BAKERSFIELD, Nov. 6.—11 p. m.—Vote counting is progressing slowly due to the large size ballot and split tickets and the returns are incomplete. A Democratic sweep is expected. In every precinct so far received, Bell leads by big majorities. He is running 2 to 1 better than Gillett, and will carry the county by a large majority.  
**For Congress.** Barlow, Democrat, 435; Smith, 298. For assemblyman, Helm, Democrat, 350; McMullin, Republican, 335.  
**E. O. Miller, Democrat, has a big lead over Truxton Beale, Republican, for state senator.**

**SUTTER COUNTY.**  
YUBA CITY, Nov. 6.—The secretary of the Republican county committee gives as his opinion that Gillett will carry Sutter county by 100. Normal majority, Republican, is 200. Secretary of the Democratic county committee states that the vote will be split.

tary of the Democratic county committee, states that the vote on the head of the ticket will be about even between Gillett and Bell. Langdon's vote will be small.

**DEL NORTE COUNTY.**  
CRESCENT CITY, Nov. 6.—The chairman of the Republican county committee says Gillett will carry Del Norte county by a fair majority. The chairman of the Democratic committee is of the same opinion. The Republican chairman concedes that Taft (Democrat), for congress from the first district, will carry Del Norte county by a large majority. Rolley (Republican), for senator from the first district, will probably carry Del Norte by a fair majority. The assemblyman from the first district is doubtful.

**SANTA BARBARA.**  
SANTA BARBARA, Nov. 6.—The heaviest vote ever cast in this county was polled today. Chairman Hurlburt of the Republican central committee gives Gillett 2,500, Bell 1,800 and Langdon 1,000. The estimates of Chairman Hurlburt of the Democratic central committee give Gillett 2,300, Bell 1,900 and Langdon 550. Republicans have carried the county by a good majority on both the state and county tickets.

**GLEN COUNTY.**  
WILLOWS, Cal., Nov. 6.—Republican and Democratic central committees place Bell's majority in Glen county at 400, and a majority for the Democratic ticket, except Hall, who will receive light majority for associate justice.

**YOLO COUNTY.**  
WOODLAND, Nov. 6.—Republican central committee concede Yolo county to Bell by 300 or 400.

**SAN MATEO COUNTY.**  
REDWOOD CITY, Nov. 6.—John McMain, chairman of the Republican county committee, claims San Mateo county for Gillett by 700 plurality. He concedes 800 to Langdon, most of which, he claims, are normal Democratic votes.

**IDAHO DEMOCRATS CLAIM SENATOR.**  
GOVERNOR, Secretary of State and Majority of Legislature Be. lieved Certain.

BOISE, Idaho, Nov. 6.—At 10 p. m., Chairman Johnson of the state Democratic committee gave out the following statement: "From present indications the Democrats have elected governor, secretary of state and a majority of the legislature, ensuring the reelection of Senator Dabbs."

**BRYAN'S STATE IS REPUBLICAN BY A BIG PLURALITY.**

OMAHA, Neb., Nov. 6.—The World Herald, Democratic, concedes the election of Sheldon for governor by 10,000 plurality over Shallenberger.

**North Dakota Results.**  
LINCOLN, Neb., Nov. 6.—Indications are that Sheldon, Republican, for governor, has been elected by a plurality slightly in excess of that for Governor Mackey two years ago, which was 9,000. With the head probably being the balance of the state ticket. Twenty-six precincts outside of Lincoln and Omaha show Republican gains of 100.

## HUGHES HAS 50,000 NOW

Returns from New York Early this Morning.

Two Hundred and Twenty-nine Districts Had Not Been Heard From.

NEW YORK, Nov. 7.—According to returns received up to an early hour this morning, Charles E. Hughes, Republican candidate for governor, has been elected by 50,000 or more plurality.

Outside of Greater New York, with 100 election districts missing, Hughes had a plurality of about 121,000. In Greater New York, with sixty-nine election districts missing, William Randolph Hearst, the Democratic and Independence League candidate, had a plurality of 75,636. Hearst carried all the boroughs of the greater city, despite the fact that the early returns seemed to indicate that he had lost Brooklyn.

No definite figures are yet available as to the results with regard to the subordinate state officers and both Democrats and Republicans are claiming victory. From lieutenant governor down.

The indications are that the state legislature will show little change in its political make-up.

**UTAH REPUBLICANS' USUAL PLURALITY.**

American, or Anti-Mormon—Party. Concentrated in Salt Lake City Against Them.

SALT LAKE, Utah, Nov. 6.—The Republicans in Utah have elected their state ticket by the usual plurality, returning Howell to congress and electing Joseph E. Frick justice of the Supreme court.

In Salt Lake, where the American, or anti-Mormon, party centered its efforts the result is in doubt. The Americans have a plurality of the votes in Salt Lake City, but this may be overcome by the Republicans in the county outside of the city. The Democratic vote in Salt Lake City shows a falling off of probably 30 per cent. It is estimated that 75 to 80 per cent of the Mormon Democrats in this county voted the Republican ticket.

**ARIZONA'S VOTE AGAINST JOINTURE.**

Overwhelming Majority Is Certain from the Returns in Principal Cities.

GLOBE, Ariz., Nov. 6.—Fifteen hundred and forty votes were cast in Globe. Two hundred and fifty have been counted and there are only seven votes for joint statehood. Smith, Democrat, for delegate, has 120; Cooper, 81; Cannon, Socialist, 49.

**PREUETT, Ariz., Nov. 6.**—Twenty-five precincts gave Smith, Democrat delegate for congress, 482; Cooper, 423. For joint statehood, 82; against, 608. Chairman Dillon of the Democratic territorial central committee, estimates Smith's majority at 2000.

**TOMBSTONE, Ariz., Nov. 6.**—Vote counted in five precincts for delegate Smith, Democrat, 237; Cooper, Republican, 128; Outler, Socialist, 7; Alusworth, Jointure, 21.  
Same vote for joint statehood, 31; against, 322.

**GOVERNOR SPARKS ELECTED IN NEVADA.**

Democratic-Silver Party Is Victorious In All Quarters By Early Returns.

RENO, Nev., Nov. 6.—Vote counting, which is proceeding slowly, indicates Democratic-Silver party victory. Sparks, for governor, is running ahead of Mitchell in all quarters. At Wadsworth, Winnemucca and in Washoe county, Governor Sparks is beating his opponent. Reports from all quarters are coming in slowly, but there is little variation in the nature of the returns, which show Sparks' Barrett for congress and Sweeney for Supreme justice in the lead.

**WASHINGTON STATE STRONGLY REPUBLICAN FOR ALL THE OFFICES.**

SEATTLE, Nov. 6.—All indications point to an overwhelming Republican victory in the state of Washington. W. E. Humphrey, Wesley L. Jones and Francis W. Cushman, congressmen at large, all Republicans, will be returned. The house of representatives will be strongly Republican. A governor is not elected in Washington at this election.

**IN NEW MEXICO.**

SANTA FE, N. M., Nov. 6.—The statehood vote is closer than had been anticipated by both parties, who had endorsed the Hamilton bill, but from present indications it will have at least 6000 majority. Big inroads have been made on expected Republican majorities.

**Wyoming Is Republican.**

CHEYENNE, Wyo., Nov. 6.—The entire Republican ticket, headed by Governor Brooks, has been elected by majorities of not less than 2,000 and possibly considerably more. Republicans also elect the member of congress and the legislature, which will elect a United States senator.

**FARGO, N. D., Nov. 6.**—Scattered returns indicate that Fisk has been elected judge of the state Supreme court over Knauff, the Republican nominee. For governor, Searles, Republican, and the rest of the Republican ticket are elected.

**Connecticut Is Republican.**

NEW HAVEN, Conn., Nov. 6.—With but one town missing, Woodruff, the Republican candidate for governor has a plurality of 20,709 votes over his Democratic opponent.

**Hoch's Reduced Plurality.**

TOPEKA, Kas., Nov. 6.—At 10:30

p. m. it is certain that Governor Hoch's plurality over W. A. Harris, Democrat, will not be greater than 10,000.

**PENNSYLVANIA.**  
First district, H. H. Bingham, Republican; Second, J. A. Rayburn, Republican; Third, J. Hampton Moore, Republican; Fourth, A. Moore, Republican; Fifth, W. W. Goulkrod, Republican; Sixth district, G. D. McCrery, Republican; Seventh, Thomas S. Butler, Republican; Eighth, M. E. H. Olmsted, Republican; Twenty-second, G. P. Hugg, Republican; Twenty-ninth, N. P. Wheeler, Republican; Twenty-ninth, W. H. Graham, Republican; Thirty-first, J. A. Burke, Republican; Thirty-second, A. D. Barchfield, Republican.

**NEW YORK.**

Thirty-fifth district, W. H. Ryan, Democrat - Independence; Thirty-sixth, D. S. Alexander, Republican.

**MICHIGAN.**

Second district, Charles E. Townsend, Republican; Fifth, W. A. W. Finner, Republican; Fourth, Edward L. Hamilton, Republican.

**MINNESOTA.**

First district, J. A. Tawney, Republican; Third, Charles R. Davis, Republican.

Seventh, Andrew J. Valsted, Republican.

Eighth, J. Adam Bede, Republican.

Ninth, Halvor Steenerson, Republican.

**MASSACHUSETTS.**

First district, G. P. Lawrence, Republican; Second district, Frederick H. Gillett, Republican; Fourth, Charles O. Terrill, Republican; Seventh, Ernest Robertson, Republican; Eighth, Samuel W. McCall, Republican; Ninth, J. W. Weeks, Republican; Thirteenth, W. S. Green, Republican; Fourteenth, W. G. Lovering, Republican.

**CALIFORNIA.**

Third district, J. R. Knowland, Republican.

publican, re-elected.

**ARKANSAS.**  
LITTLE ROCK, Ark., Nov. 6.—The Democratic candidates for congress were elected in every district of Arkansas. The vote was light in all districts except the Fourth, where a hard fight was made.

**ILLINOIS.**

Eighteenth district, Joseph G. Cannon elected by usual majority.

## Once Again We State Our Position on the Meat Question

### A Few Words to Trustee Collins of the City Board of Trustees

Mr. Collins at the meeting of the Board of City Trustees on Monday night took occasion to say the following about Redlick's in a discussion regarding the reduction of the license of the meat peddlers:

"I generally coincide with the views of our mayor," said Trustee Collins, rising to his feet, "but I disagree with him in this matter. I feel that he should have taken into consideration the facts in connection with this meat business. The retail butchers themselves came to this board and asked for this license of \$50 a quarter on meat peddlers and the board acquiesced to drive the peddlers out of business. Well, most of them quit and then Redlick's saw the opportunity to sell meat to a thousand people who had been buying meat from the peddlers and opened a shop. Redlick gave away meat. Why? He had other stuff that he could sell and make a profit on and could afford to lose on meat. But the retail butchers had nothing else to make up on and were driven out of business. If we had meat peddlers, one man could not monopolize the meat business of this town."

Mr. Collins in his statement was densely and painfully ignorant of the conditions that led to the establishment of the Redlick meat department.

We studied the possibilities of building up a large meat business for over a year; we examined every phase of the situation and we saw an opportunity to sell meat for less than the prevailing prices—to make a fair margin of profit and to add to the usefulness of this store.

The retail butchers of Fresno had the license of the meat peddlers raised to \$50 a quarter, hoping thus to drive them from business. The meat peddler PAID HIS LICENSE and thrived because the people had to pay more for their meat.

THE LICENSE OF \$50 A QUARTER WAS IN EFFECT FOR OVER A YEAR BEFORE REDLICK'S ENTERED THE FIELD.

Mr. Collins also says, "that the retail butchers having to sell their meat at a loss, and having nothing else to sell to make up that loss were driven out of business."

If Mr. Collins will walk on J street, I street, K street, Mariposa, Blackstone, Tulare and streets on the west side he will find that the retail butchers HAVE NOT been driven out of business.

Yes, it is true that Redlick's sell more meat than all of the other shops in town combined. We sell more groceries, more clothing, more dry goods, more millinery, but there is a reason for it of course. People do not spend their money for sentiment, they go where they can save money and for that reason we do the largest business in Fresno.

But, "to return to our meat" or rather our meat department. We sell more meat because we sell better meat, the finest that can be prepared. We have the finest sanitary shop in the town. We have our own cold storage plant. We have attentive waiters. We have prompt deliveries AND WE SELL OUR MEATS FOR LESS MONEY.

We have always tried to be enterprising, to make this a better store, for that reason we have our own bakery, make our own bread. The force and energy and enterprise and nerve that made this store the largest and best in this valley is behind every branch of this growing business, just as it has been and is behind the selling of our meats.

The rapid increase of business in this store is apparent to all. Fifty horses are now in daily use to maintain our big delivery service. Merit has made this large business grow to its present proportions. The confidence and good will of the public is our largest asset and this we will always strive to maintain.

## \$3, \$3.50, \$4, \$4.50 Ready-to-Wear Hats for \$2.48

Even if you are supplied with a dress hat and with a ready to wear hat, there is no reason why you should not have two or three more, when you can get them so cheaply. Take time enough to see these in the window—notice the charm and grace and individuality of each hat; you will observe a distinct beauty about each one—a catchiness that will instantly attract your attention. They are among the best hat values we have shown this season. Some of them are built like this:

Mercedes; colors, black, gray, myrtle, brown, navy, garnet. A ladies' nobby small ready-to-wear hat with round crown. Made of hand finished Silesian wool felt; trimmed with band of satin and the brim which is tacked to the crown is decorated with satin, metal buckle and quills; brim is edged in satin. \$2.48.

Princess; colors, black, gray, garnet or myrtle. A French high back, walking hat, made of hand finished smooth wool felt; trimmed in a wide band of Paon silk velvet, and on the outer brim in rosettes of satin edged with chain stitching and decorated with velvet button and quills. The brim is edged in binding of satin. Price \$2.48.

### Free Art Lessons

We started yesterday with a large class under the direction of Miss V. L. Nordicker—one of the best teachers on the coast. We shall continue the lessons again tomorrow from 2 to 4 P. M. and again on Friday.

Those who can not come on these days will be accommodated on Saturday morning.

We have provided a pleasant work room and ladies will find it profitable to take advantage of this liberal offer.

### Coming—A Big Linen Sale

### Boys' Suits \$2.50 and \$3

We are making an unusually good showing of these suits. Best we ever had for the money. All wool; double breasted coats; knee trousers; stout chevrons in dust proof colors; quiet mixtures and lively patterns. These suits will undoubtedly give as much wear as any that sell at \$3 to \$4 in other places. We have never seen better suits for the money. Ages 8 to 14 years.

### New Dress Skirts Arrive -- Values to \$20 to be Sold for \$14.85

We have been more than fortunate in the purchase of these elegant garments. It isn't often that we can pick up such charming skirts, so fashionably and carefully made, and sell them at such a price reduction.

They came to us by express, from New York, with a little note from our New York office, saying that the buyer considered them one of the big pick ups of the season.

They are chignon taffeta skirts made with plaited panels, trimmed with fancy silk ornaments. Others with 13 gores, extra full cut, circular flare, trimmed with tailor folds of the same.

The silk in these skirts is made of an imported Italian weave without the slightest particle of dressing. It won't crock or crack and it will give splendid service.

### Children's Suits at \$4.85 That Are Worth Much More

We are always glad to chronicle bargain news like this. The coats are so good, so cleverly made and of such solid worth, that every coat we sell will make a warm friend of the mother who buys it.

All wool coats; ages 4 to 14 years; solid colors; rich melton cloths; fancy striped coatings and English chevrons; plain tailor styles or elaborately trimmed; velvet
